

The Canyon News

VOLUME NUMBER XXXIII.

CANYON, TEXAS, THURSDAY, SEPTEMBER 5, 1929.

NUMBER 24

Home Stuff

or otherwise

Col. J. W. McCrerey has moved to Canyon. He lived at Now-side for a long while, but now almost a white collared city dude. S. B. McClure says that Canyon never has been as short of good houses as right now. which looks good for opening of the College. F. E. Savage highly pleased over the Institute. looked for awhile like there would be none, but now its the biggest and best ever. Dr. Ingham back from a fine vacation trip to Cloudercroft. New Mexico getting most of the vacation people from Canyon this year. Senator J. W. Reid with the most optimistic feeling for the Plains he has ever had. watch the hen and cow. is his prediction, and better farming, too. Judge J. W. Turner says in the '90's the farmers just scratched the soil. now they farm the soil, and the results show the difference. Fight 'em, Eagles, Fight 'em. a familiar battle cry at the Canyon high school. "You'd be surprised to know the number of people who come to Canyon after the excellent water," says J. B. Elliston. the water here is the best in Texas.

It is said that Henry Ford pulled a swift one on Uncle Sam and got a picture of his new car on the new \$10 bills. However, Chevrolet owners will not refuse to take the new bills.

G. G. Foster says that the outlook for Canyon is most encouraging. Good houses have about all been rented, and there is still a good demand for homes. The North Plains generally are in excellent shape, which makes the outlook fine for the opening of the College.

Arthur Brisbane is paid \$200,000 per year to write his editorial column for the Hearst publications. He knows the value of newspapers better than any man in America, for this has been his life's study. Read what he has to say about the country newspaper.

Paul Block, who owns several newspapers and understands their management, said at the Eckenreun luncheon last Friday to Jules Bache of Wall Street: "If Hearst would let somebody run his newspapers economically he could increase his net profits by ten million dollars a year."

That part of the newspaper's business interests, he meant.

But, while a newspaper organization covering the country, and possessing almost unlimited resources is important nationally, the public, and advertisers especially, should not underestimate the value of smaller newspapers, particularly the "country newspapers." Each is a public policeman and a source of information in its own locality.

Advertisers should remember that readers of country newspapers read every line, advertising included, and they buy everything from paint on the roof to the cement in the cellar floor, from the separator in the kitchen to the daughter's silk stockings. The greatest influence on public opinion rests with the ten thousand country editors.

This is the best reason that may be assigned as to why every merchant in every small town should be a regular advertiser. There is no method whereby the advertiser may reach the people of his trade territory so cheaply as through the medium of the local newspaper.

We'll bet four dollars—if we had them—that John Fry is glad he was not the sheriff which was called upon to "arrest" the Graf Zeppelin. Wouldn't John look funny leading one of those things around by the bridle?

GOLF PROFESSIONAL TO PLAY EXHIBITION HERE

Pat O'Brien, golf pro of the Indian Hills Club in Amarillo, will be in Canyon on Sunday, Sept. 15th, and will play an exhibition game at the Canyon Club grounds. He will bring another Amarillo player to meet two players from the local club.

Owing to the fact that Mr. O'Brien is reported to be one of the best golf players in Northwest Texas, it is thought that a large gallery will follow the play. Mr. O'Brien will explain his shots, with a view of seeking a golf class here at a later date.

1000 TEACHERS AT INSTITUTE FOR THREE DAYS

VOTE TO RETURN HERE NEXT YEAR FOR INSTITUTE.

Program for Three Days Highly Appreciated by Teachers—Resolutions Adopted Yesterday.

Over 1,000 teachers of the West Texas Teachers Association representing 18 Panhandle counties closed their annual Institute here yesterday afternoon. The Institute has been in charge of Prof. F. E. Savage, principal of the Training Department of the West Texas State Teachers College. Members of the faculty were Dr. T. D. Brooks of Waco, Dr. W. L. Hughes of Texas A. & M. Dr. R. P. Jarrett, dean of the West Texas State Teachers College, Miss Harriet Kritzer of Amarillo, Miss Annie McDonald of Amarillo, Professor J. B. Rutland of Austin, and Miss Elva Fronabarger, critic teacher and Miss Ada V. Clark, public school music instructor, both of the West Texas State Teachers College.

Special lectures were given during the sessions by Superintendent S. M. N. Marrs, Austin, State Superintendent of Public Instruction; Hon. Rush Caldwell, Dallas, President of Texas State Teachers Association; Mr. Roy Bedichek. (Continued on last page)

County Teachers in Organization Start School Year's Work

Randall county teachers attending the Institute this week organized Tuesday, electing the following officers for the coming year: Mrs. John Davis of Fairview school, president.

Willie Bennett of the Park school, vice president.

Miss Leah Tegalar of the Umbarger school, secretary. Meetings of the teachers will be held the last Saturday of the month. The desire was expressed to have Dr. Albert Barnett give the teachers a course in standard tests in order that during this year the test may be applied to every school in the county.

RETURNED FROM ARMY WORK
Captain W. E. Lockhart returned Saturday from Camp Parris, San Antonio, where he spent two weeks with the regular army in annual encampment.

Mr. Lockhart has been attending Baylor University this summer where he received his M. A. degree, majoring in history, and graduating with honors. He is secretary to the West Texas Teachers Institute, which closed its work yesterday.

COMPANY F MOVES TO I. O. O. F. BUILDING

Company F has moved its headquarters from the American Legion Hall to the I. O. O. F. Hall on West Fourth Avenue, according to Captain H. O. Price. A permanent lease has been taken of the entire first floor. The partition which was built to make two store rooms has been removed, which gives the company adequate quarters.

Captain Price is highly pleased with the new headquarters, which meets the requirements of the company much better than the former one at the Legion Hall.

Improvements on College Grounds are Planned by President

J. O. Guleke of Amarillo, member of the College Board of Regents, was here Monday and made an inspection of the College plant with a view of assisting President J. A. Hill in planning for the expenditure of the \$41,600 for permanent improvements which was given the College by the legislature. Mr. Guleke was impressed with the great need of the College for more improvements, especially repairs, and will urge before the Governor and the legislature an emergency appropriation.

Bids have been asked for a new smoke stack for the power plant and this will be the first improvement made.

Mr. Hill is classifying other improvements which are possible to be made with the money available, and within a short time will again confer with Mr. Guleke, at which time plans will be made to present plans to the Board of Regents for the improvements which will be possible with the money available.

OPENING OF CITY SCHOOL NEXT MONDAY

ENROLLMENT STARTS FRIDAY MORNING WITH SENIORS.

Supt. Carruth Announces Schedule of Enrollment—Work Starts in All Grades Next Monday.

Superintendent I. B. Carruth of the Canyon public schools made the following announcement yesterday regarding the opening of the public schools:

Attention is again called to the days of enrollment for the Canyon public school. The seniors will report at 9 o'clock Friday morning for instruction regarding the year's work and the selection of courses. It is very desirable that all pupils report promptly at the time specified.

The juniors will report at one o'clock Friday afternoon and the sophomores and freshmen Saturday morning at 9 o'clock. All new students entering the High School for the first time or bringing credits from another school will please report at the office of the Superintendent Saturday afternoon.

The schedule for the Elementary School should be carefully followed.

Friday, one p. m.—Enroll new pupils and give examinations for classification. (Continued on last page)

Upchurch Wants to Locate More Samples for Tri-State Fair

W. H. Upchurch, county agent, asks that all farmers who have good samples of farm products which should be in the Randall county exhibit at the Tri-State Fair to please see him at once. He will go to any place in the county after the samples, but would appreciate very much the information any citizen may be able to give him.

Mr. Upchurch desires very much to secure vegetables, melons, and fruits. These are particularly needed for the county exhibit, but he is always anxious to hear of other products, as he may be able to better the ones he has gathered for the exhibit.

Mr. Upchurch states that he has received many helpful suggestions, from which he has been able to better the exhibit, but is anxious for any farmer who knows of good products to let him know at once.

J. M. Hughes Under Arrest Charged With Death of S. T. Hutton

A beer joint in South Amarillo was the scene Sunday night of the slaying of Samuel T. Hutton, 50, an Amarillo painter, and J. M. Hughes is being held charged with murder in the Randall county courts. It is expected that his examining trial will be held today.

Hughes is said to have hit Hutton a blow in the face, which broke his nose and his neck. It is charged that the affray took place in a beer joint established about two weeks ago by a woman.

Six persons at the house at the time were fined \$17.30 for disturbing the peace, in justice court here Tuesday, and all placed under a bond of \$500 each to appear as witnesses in the trial of Hughes.

Agricultural Profs Organize for Work

Teachers of agriculture attending the Institute met Tuesday and formed an organization with the following officers:

Wm. Gourley of Silverton, president.

L. J. Young of Farwell, vice president.

Geo. P. Grout of Panhandle, secretary.

The organization is open to teachers of agriculture and kindred subjects. It is hoped that the county agents will join the organization and give the teachers cooperation in their work.

A meeting will be held on the last Saturday of the Tri-State Fair in Amarillo.

AUGUST RAINFALL NORMAL

A total of 5.93 inches of rain fell in Canyon during the month of August. This is about normal for the month, or may be considered a little above the average. The total rainfall for 1929 amounts to 13.61 inches, which is a little below the normal for a series of years.

Rotary Club Hears Marvin Jones and Three Other Guests

Congressman Marvin Jones spoke Tuesday before the Canyon Rotary Club discussing law and law making in a very interesting manner. Other speakers were Dr. T. D. Brooks, mayor of Waco, W. L. Hughes of A. & M. College and Geo. P. Grout of Amarillo. The Club had a number of visitors and guests for the luncheon.

Dr. Brooks praised the spirit of Rotary, and what it was accomplishing for the business and professional man. Dr. Brooks is a professor in Baylor University, and was recently elected mayor of Waco.

In discussing the making of law, Mr. Jones pointed out the fact that law was the outgrowth of a popular demand. Legislative bodies cannot make laws which do not meet the popular demand, and should they unwise do so, such laws cannot be enforced. The people dictate the laws through the outcome of habits and customs. The ballot, and its intelligent use means the safety of the free country. The use of the ballot is a great privilege, and likely a great responsibility.

Mr. Hughes, who was president of the Texas Teachers Association last year, believes that teachers should exert more influence in politics. The teachers could exert a great influence if all went to work to elect a governor.

Mr. Grout believes it to be a great privilege to live and work in the Panhandle. He believes this to be the greatest part of Texas. The diversified program of farming is drawing the attention of the entire country to the plains. Mr. Grout has visited the older dairy sections, and believes that none surpass the Panhandle. The Plains has the climate, the soil and the people to excel as a dairy and poultry section.

The following were guests: O. J. Laas of Plainview, T. D. Brooks of Waco, B. F. Fronabarger of Denton, Ross Hatcher of Amarillo, Lahroy White of Amarillo, Geo. P. Grout of Panhandle, Jack Allen of Amarillo, Mr. and Mrs. T. V. Reeves of Canyon, John E. Toles of Happy, W. L. Hughes of College Station, Roy L. Robbins of Canyon, and Congressman Marvin Jones of Amarillo.

M. E. Moses Co. to Have Formal Opening Saturday

Announcement is being made this week of the formal opening of the M. E. Moses Company which is the successor of the Wellworth Novelty Company formerly owned and operated by G. O. Walker. The sale of the business was made several days ago, and since that time Mr. Moses, the new owner has completely remodeled the building, and rearranged the interior of the store. Mr. Moses says that the stock has been checked completely and that there will be a considerable change in the merchandise carried, as several lines will be closed out and others enlarged upon. The company will specialize on items to sell for less than \$1, but on special occasions there will be items carried to sell for more than that amount.

A big opening day is being planned for next Saturday, with favors all day for the children and big bargains at special hours during the day. As this store has always been very popular here, it is expected that a large crowd will be present for the opening.

In retiring from this business Mr. Walker expresses his appreciation of the business men with whom he has worked and of the people who through their friendly patronage have made the business of the Wellworth Novelty Store. He expects to devote all of his time to the insurance business in which he has been interested for several years, and will continue to live in Canyon. He commends his successor, Mr. Moses, very highly as a co-operative, enterprising business man who will be an asset to the community.

This is the fifth store of the M. E. Moses Company, there being one in Quanah, two in Paducah, and one in Lubbock. This store will be managed by Mr. Roy Moses, who comes here from Ralls, Texas. He and his wife and two children are moving here soon.

VISITED KEISER HERD

Albert Mitchell, southwestern representative of the American Hereford Breeders Association, visited the Kaiser herd of Herefords this week. His headquarters is Albert, N. M. He states that practically all of the good registered Herefords are now to be found in the Southwest.

BUFFS GATHER TODAY TO OPEN TRAINING CAMP

COACH CLAUDE REEDS HAS A HARD JOB AHEAD.

New Equipment Being Issued and Training Will Start Today—Men Stay at Randall Hall.

An air of expectancy reigns at Canyon on the eve of the advent of the training season of the West Texas State Teachers College grid squad, which opens today. While there is a great deal of optimism because of the faith in the new coach, Claude Reeds, this year's team will be an unknown quantity until the season is well under way.

There are about forty veterans around whom the club will be built, and almost as many youngsters expect to enter this fall for the first time. The old men will have to learn a new system of play, and for this reason the new men will have almost as good a chance as the oldsters. Reeds extends the invitation to all men who desire to enter the college this fall to be on hand tomorrow to talk it over in case they are interested.

Between 75 and 80 men are expected to be present for the camp. The training table will be set at Randall Hall and the men will find (Continued on last page)

Three New Teachers Named By President Hill for College Work

President J. A. Hill has selected the following three new teachers for work in the College this fall: Mrs. Crossett of Clayton, N. M., will take the work of Miss Moore in the training school. She holds the M. A. degree from the University of California.

Miss Bertha Stevens of Greeley, Colo., will take the work of Miss Lowes, who will study in Columbia University for the coming year.

Mrs. T. H. McDonald will take the work of Miss Maud Noyes, who will study in California.

Mr. Hill will announce other new teachers within a few days.

Edward Gerald Jr. Honored by News Force at Dinner

As a compliment to Edward Gerald Jr., who left Sunday for Columbia, Missouri, Mr. and Mrs. Clyde W. Warwick entertained the employees of the Warwick Printing Company with a dinner party at their home on Sixth Avenue last Friday evening. Following the dinner which was served on the lawn a pleasant social hour was spent. Mr. Gerald was presented with a fountain pen desk set as a token of the appreciation of his associates at the office. Those enjoying the hospitality of the Warwick home were: Edward Gerald, Jr., Dan K. Usery, N. T. Dickerson, Hal Braun Collier, Misses Irma Hinkle, and Lillian Atkins; Harry V. Wheat of Dallas, and Olin E. Hinkle of Pampa.

Contract Highway South to Happy to Be Let Sept. 17th

Bids have been called for on the bridges and drainage on the highway south from Canyon to Happy. The contract will be let in Austin on Sept. 17th.

Engineer A. E. Dyatt states that the highway north will not be opened for at least three weeks. The 150 foot strip under the railway is being paved, and will have to stand that long. The 1300 foot gap on the fill was ponded yesterday, and within two weeks will be dried out. It is yet unknown when this strip will be paved, but very likely not before spring. Mr. Dyatt says that if it is necessary to postpone the paving that long, this section will be graveled so that traffic will not be interfered with.

The north section of the highway is complete and ready for acceptance. While some of the traffic has been going around the barrier at the Graves place and coming on south to the Oldham place, this practice is discouraged. Men are painting the center strip, which will take another week, and a crew is erecting the guard fences. Within a week or ten days all of the work on this section will be complete, and the barrier removed. Nothing has been heard as to the route to the west county line.

CRISIS AT HAND IN BIG RACE AS CREDITS ARE SLASHED TWICE IN COMING WEEK; END IS NEAR!

Last Night at 9, Second Lap and 50,000 Offer Became History; Third and Next to Last Lap Starts Today and Ends 9 p. m. Wednesday, Sept. 11. Last Lap Only Three Days of the Home Stretch is Now Only Seven Days Away. Only Six Days Left to Win Extra Gold Prize of \$25.00.

IMPORTANT NOTICE

From today to 9 p. m. Wednesday, Sept 11th, 25,000 Extra Credits will be issued on \$20.00 Clubs; 12,500 Extra Credits will be issued on books of Ten Subscriptions, new or old; and 7,500 Extra Credits will be issued on New Yearly subscriptions. During the last three days of the race, the Home Stretch, NO EXTRA CREDITS will be issued.

The danger signal is up!

For last night at 9 o'clock the second lap of the big race closed. And in the coming week the third and next to last lap, with its best remaining offer of extra credits closes, leaving only the Home Stretch of three days with no extra credits. Club members are facing the biggest crises of their candidacy for the wonderful New Chevrolet Coach and all the other wonderful prizes which will be awarded on September 14th.

There are several members in the race who will never pass this crisis, unless they develop considerable more speed than they have been showing lately. If they don't hit the ball NOW they are due for a terrible flop in their standing and the sting of bitter disappointment.

Only those who make the very utmost of this one best remaining offer of Extra Credits and who exert themselves NOW and take the best advantage possible under this offer will pass this crisis and finish the race a winner.

Most Critical Time Now
This last period before the end is by far the most vital and critical of all in the big race and there is a lot of talk going around that "so and so will never be able to keep hitting the ball and come thru at the end a winner."

At every public gathering "who will win the Chevrolet," is one of the main topics of conversation and for miles around this part of the Panhandle folks are interested vitally. It is a pretty race between the club members and several of the staunch friends who are pulling for them and doing their level best to help their club member WIN. Results alone—COUNT, and if you don't make good your friends faith in you NOW at this critical point in the race, you not only disappoint them but you are bound to suffer a terrible shock of disappointment yourself when you find that your leading thru the critical stage of the race has cost you the Chevrolet.

Home Stretch in Sight
With the home stretch in sight and the end of the big race only ten days away, can you afford to let all the hard work and effort you have put forth so far, go into the ash heap?

Common sense says "No." Honors, glory, cheers and best of all a brand new Chevrolet Coach, awaits the winner.

Will You Win?
You will, if you are made of the stuff that doers are made of, if you will put everything else under the sun aside and PLUG, Plug, plug; and keep on plugging until the final hour of September 14th.

If you want to top the honor roll, get your name on it EVERY DAY from now until Thursday, September 12th, right straight thru the third period of the race, as after that the Roll of Honor will be abolished.

Make a subscription sales report EVERY SINGLE DAY from now on to the end.

Only 10 Days More
And on the night of the tenth day you will be mighty happy if you have made a report of your very best effort every day and naturally you will be a winner. No disappointments if you make your very best effort NOW and reverse NOW into WON.

That crisis—pass it NOW!

CAR DELIVERIES
J. W. Shook, Chevrolet coach. Guy B. Tabor, Ford sedan. R. McGee, Nash sedan. W. T. Hazlewood, Buick roadster. E. W. Myers, Chevrolet coupe. Chas. Wineinger, Chevrolet coupe. White Griffiths, Ford roadster. W. J. Lomax, Ford touring. G. A. McNabb, Ford tudor. Lewis H. Hobbs, Ford roadster. Miss Maggie Avant, Chevrolet sedan.

At the Close of The Second Lap

Below will be found in alphabetical order, the names of all the Opportunity Club members, together with all credits cast and counted for publication up to and including Wednesday, September 4th.

Club Member	Credits
Mr. J. C. Baker, Jr.	688,000
Miss Mable Leavitt	2,745,500
Miss Virginia Murray	2,528,500
Mrs. Agnes Oliver	1,940,500
Mrs. E. D. Wheeler	2,100,000
Miss Helen Woods	2,540,750

This list shows just who is working and who really means business, back your favorite NOW as subscriptions count more NOW than they will ever again during the race.

WHERE WILL YOU BE IN THE NEXT LIST?

ONLY SIX MORE DAYS of the 25,000 Extra Credit offer for each \$20.00 Club.

6
More Days to Win that \$25.00 in Gold. 9 p. m., Wednesday, September 11th, is the last call for subscriptions to count on this prize.

9 MORE DAYS TO FINISH THE LAST COUNT

To be published in the paper before the close. Bulletin board outside the News office will be changed daily from now until Thursday, September 12th. After that date the race will be blind.

Two Hurt and Car Burned in Hiway Accident

On last Sunday evening about 9:30 the car in which Miss Lillian Cash and Flake Montgomery of Happy were riding was run into by a car driven by O. G. Hill of Hereford on the new highway 8 miles out of Canyon. Both Miss Cash and Mr. Montgomery were badly bruised, but are now well on their way to recovery.

Miss Cash was brought to her home after the accident, and regained consciousness only at times during Sunday night. Her face and body were bruised, two ribs were fractured, and there were a few cuts on her body which are not serious.

Mr. Montgomery was taken to St. Anthony's Sanitarium in Amarillo where he has been receiving medical attention since. He did not regain consciousness until Monday afternoon, but he will be able to be moved home this week, according to reports late yesterday. He received a fractured skull.

The accident happened when the Graham-Paige car driven by Mr. Hill started to pull around the car in front of it and collided with Mr. Montgomery's Chevrolet which he was meeting. As the Chevrolet was going slow, it was knocked back and into the ditch where it caught fire and was burned up.

LANDED IN JAIL AFTER GIVING THREE DRY CHECKS

Howard Young was arrested Tuesday in Hereford on authority of Sheriff John Fry, charged with giving three dry checks to Canyon merchants. He was brought here yesterday to face charges in the local courts.

BUILDING PERMIT
Mrs. G. A. Napier, \$400 frame addition to residence at 1801 2 Ave.

A beer joint in South Amarillo was the scene Sunday night of the slaying of Samuel T. Hutton, 50, an Amarillo painter, and J. M. Hughes is being held charged with murder in the Randall county courts. It is expected that his examining trial will be held today.

Hughes is said to have hit Hutton a blow in the face, which broke his nose and his neck. It is charged that the affray took place in a beer joint established about two weeks ago by a woman.

Six persons at the house at the time were fined \$17.30 for disturbing the peace, in justice court here Tuesday, and all placed under a bond of \$500 each to appear as witnesses in the trial of Hughes.

Agricultural Profs Organize for Work

Teachers of agriculture attending the Institute met Tuesday and formed an organization with the following officers:

Wm. Gourley of Silverton, president.

L. J. Young of Farwell, vice president.

Geo. P. Grout of Panhandle, secretary.

The organization is open to teachers of agriculture and kindred subjects. It is hoped that the county agents will join the organization and give the teachers cooperation in their work.

A meeting will be held on the last Saturday of the Tri-State Fair in Amarillo.

AUGUST RAINFALL NORMAL

A total of 5.93 inches of rain fell in Canyon during the month of August. This is about normal for the month, or may be considered a little above the average. The total rainfall for 1929 amounts to 13.61 inches, which is a little below the normal for a series of years.

Rotary Club Hears Marvin Jones and Three Other Guests

Congressman Marvin Jones spoke Tuesday before the Canyon Rotary Club discussing law and law making in a very interesting manner. Other speakers were Dr. T. D. Brooks, mayor of Waco, W. L. Hughes of A. & M. College and Geo. P. Grout of Amarillo. The Club had a number of visitors and guests for the luncheon.

Dr. Brooks praised the spirit of Rotary, and what it was accomplishing for the business and professional man. Dr. Brooks is a professor in Baylor University, and was recently elected mayor of Waco.

In discussing the making of law, Mr. Jones pointed out the fact that law was the outgrowth of a popular demand. Legislative bodies cannot make laws which do not meet the popular demand, and should they do so, such laws cannot be enforced. The people dictate the laws through the outcome of habits and customs. The ballot, and its intelligent use means the safety of the free country. The use of the ballot is a great privilege, and likely a great responsibility.

Mr. Hughes, who was president of the Texas Teachers Association last year, believes that teachers should exert more influence in politics. The teachers could exert a great influence if all went to work to elect a governor.

Mr. Grout believes it to be a great privilege to live and work in the Panhandle. He believes this to be the greatest part of Texas. The diversified program of farming is drawing the attention of the entire country to the plains. Mr. Grout has visited the older dairy sections, and believes that none surpass the Panhandle. The Plains has the climate, the soil and the people to excel as a dairy and poultry section.

The following were guests: O. J. Laas of Plainview, T. D. Brooks of Waco, B. F. Fronabarger of Denton, Ross Hatcher of Amarillo, Lahroy White of Amarillo, Geo. P. Grout of Panhandle, Jack Allen of Amarillo. Mr. and Mrs. T. V. Reeves of Canyon, John E. Toles of Happy, W. L. Hughes of College Station, Roy L. Robbins of Canyon, and Congressman Marvin Jones of Amarillo.

M. E. Moses Co. to Have Formal Opening Saturday

Announcement is being made this week of the formal opening of the M. E. Moses Company which is the successor of the Wellworth Novelty Company formerly owned and operated by G. O. Walker. The sale of the business was made several days ago, and since that time Mr. Moses, the new owner, has completely remodeled the building, and rearranged the interior of the store. Mr. Moses says that the stock has been checked completely and that there will be a considerable change in the merchandise carried, as several lines will be closed out and others enlarged upon. The company will specialize on items to sell for less than \$1, but on special occasions there will be items carried to sell for more than that amount.

A big opening day is being planned for next Saturday, with favors all day for the children and big bargains at special hours during the day. As this store has always been very popular here, it is expected that a large crowd will be present for the opening.

In retiring from this business Mr. Walker expresses his appreciation of the business men with whom he has worked and of the people who through their friendly patronage have made the business of the Wellworth Novelty Store. He expects to devote all of his time to the insurance business in which he has been interested for several years, and will continue to live in Canyon. He commends his successor, Mr. Moses, very highly as a co-operative, enterprising business man who will be an asset to the community.

This is the fifth store of the M. E. Moses Company, there being one in Quanah, two in Paducah, and one in Lubbock. This store will be managed by Mr. Roy Moses, who comes here from Ralls, Texas. He and his wife and two children are moving here soon.

VISITED KEISER HERD

Albert Mitchell, southwest representative of the American Hereford Breeders Association, visited the Keiser herd of Herefords this week. His headquarters is Albert, N. M. He states that practically all of the good registered Herefords are now to be found in the Southwest.

BUFFS GATHER TODAY TO OPEN TRAINING CAMP

COACH CLAUDE REEDS HAS A HARD JOB AHEAD.

New Equipment Being Issued and Training Will Start Today—Men Stay at Randall Hall.

An air of expectancy reigns at Canyon on the eve of the advent of the training season of the West Texas State Teachers College grid squad, which opens today. While there is a great deal of optimism because of the faith in the new coach, Claude Reeds, this year's team will be an unknown quantity until the season is well under way.

There are about forty veterans around whom the club will be built, and almost as many youngsters expect to enter this fall for the first time. The old men will have to learn a new system of play, and for this reason the new men will have almost as good a chance as the oldsters. Reeds extends the invitation to all men who desire to enter the college this fall to be on hand tomorrow to talk it over in case they are interested.

Between 75 and 80 men are expected to be present for the camp. The training table will be set at Randall Hall and the men will find (Continued on last page)

Three New Teachers Named By President Hill for College Work

President J. A. Hill has selected the following three new teachers for work in the College this fall: Mrs. Crossett of Clayton, N. M., will take the work of Miss Moore in the training school. She holds the M. A. degree from the University of California.

Miss Bertha Stevens of Greeley, Colo., will take the work of Miss Lowes, who will study in Columbia University for the coming year.

Mrs. T. H. McDonald will take the work of Miss Maud Noyes, who will study in California.

Mr. Hill will announce other new teachers within a few days.

Edward Gerald Jr. Honored by News Force at Dinner

As a compliment to Edward Gerald Jr., who left Sunday for Columbia, Missouri, Mr. and Mrs. Clyde W. Warwick entertained the employees of the Warwick Printing Company with a dinner party at their home on Sixth Avenue last Friday evening. Following the dinner which was served on the lawn a pleasant social hour was spent. Mr. Gerald was presented with a fountain pen desk set as a token of the appreciation of his associates at the office. Those enjoying the hospitality of the Warwick home were: Edward Gerald, Jr., Dan K. Usery, N. T. Dickerson, Hal Braun Collier, Misses Irma Hinkle, and Lillian Atkins; Harry V. Wheat of Dallas, and Olin E. Hinkle of Pampa.

Contract Highway South to Happy to Be Let Sept. 17th

Bids have been called for on the bridges and drainage on the highway south from Canyon to Happy. The contract will be let in Austin on Sept. 17th.

Engineer A. E. Dyatt states that the highway north will not be opened for at least three weeks. The 150 foot strip under the railway is being paved, and will have to stand that long. The 1300 foot gap on the fill was ponded yesterday, and within two weeks will be dried out. It is yet unknown when this strip will be paved, but very likely not before spring. Mr. Dyatt says that if it is necessary to postpone the paving that long, this section will be graveled so that traffic will not be interfered with.

The north section of the highway is complete and ready for acceptance. While some of the traffic has been going around the barrier at the Graves place and coming on south to the Oldham place, this practice is discouraged. Men are painting the center strip, which will take another week, and a crew is erecting the guard fences. Within a week or ten days all of the work on this section will be complete, and the barrier removed.

Nothing has been heard as to the route to the west county line.

CRISIS AT HAND IN BIG RACE AS CREDITS ARE SLASHED TWICE IN COMING WEEK; END IS NEAR!

Last Night at 9, Second Lap and 50,000 Offer Became History; Third and Next to Last Lap Starts Today and Ends 9 p. m. Wednesday, Sept. 11. Last Lap Only Three Days of the Home Stretch is Now Only Seven Days Away. Only Six Days Left to Win Extra Gold Prize of \$25.00.

IMPORTANT NOTICE

From today to 9 p. m. Wednesday, Sept 11th, 25,000 Extra Credits will be issued on \$20.00 Clubs; 12,500 Extra Credits will be issued on books of Ten Subscriptions, new or old; and 7,500 Extra Credits will be issued on New Yearly subscriptions. During the last three days of the race, the Home Stretch, NO EXTRA CREDITS will be issued.

The danger signal is up! For last night at 9 o'clock the second lap of the big race closed. And in the coming week the third and next to last lap, with its best remaining offer of extra credits closes, leaving only the Home Stretch of three days with no extra credits. Club members are facing the biggest crises of their candidacy for the wonderful New Chevrolet Coach and all the other wonderful prizes which will be awarded on September 14th.

There are several members in the race who will never pass this crisis, unless they develop considerable more speed than they have been showing lately. If they don't hit the ball NOW they are due for a terrible flop in their standing and the sting of bitter disappointment.

Only those who make the very utmost of this one best remaining offer of Extra Credits and who exert themselves NOW and take the best advantage possible under this offer will pass this crisis and finish the race a winner.

Most Critical Time Now This last period before the end is by far the most vital and critical of all in the big race and there is a lot of talk going around that "so and so will never be able to keep hitting the ball and come thru at the end a winner."

At every public gathering "who will win the Chevrolet," is one of the main topics of conversation and for miles around this part of the Panhandle folks are interested vitally. It is a pretty race between the club members and several of the club members have some mighty staunch friends who are pulling for them and doing their level best to help their club member WIN.

Results alone—COUNT, and if you don't make good your friends faith in you NOW at this critical point in the race, you not only disappoint them but you are bound to suffer a terrible shock of disappointment yourself when you find that your leading thru the critical stage of the race has cost you the Chevrolet.

Home Stretch in Sight With the home stretch in sight and the end of the big race only ten days away, can you afford to let all the hard work and effort you have put forth so far, go in to the ash heap?

Common sense says "No." Honors, glory, cheers and best of all a brand new Chevrolet Coach, awaits the winner.

Will You Win?

You will, if you are made of the stuff that doers are made of, if you will put everything else under the sun aside and PLUG, Plug, plug; and keep on plugging until the final hour of September 14th.

If you want to top the honor roll, get your name on it EVERY DAY from now until Thursday, September 12th, right straight thru the third period of the race, as after that the Roll of Honor will be abolished.

Make a subscription sales report EVERY SINGLE DAY from now on to the end.

Only 10 Days More

And on the night of the tenth day you will be mighty happy if you have made a report of your very best effort every day and naturally you will be a winner. No disappointments if you make your very best effort NOW and reverse NOW into WON.

That crisis—pass it NOW!

CAR DELIVERIES

J. W. Shook, Chevrolet coach. Guy B. Tabor, Ford sedan. R. McGee, Nash sedan. W. T. Hazlewood, Buick roadster. E. W. Myers, Chevrolet sedan. Chas. Wineinger, Chevrolet coupe. White Griffiths, Ford roadster. W. J. Lomax, Ford touring. G. A. McNabb, Ford tudor. Lewis H. Hobbs, Ford roadster. Miss Maggie Avant, Chevrolet sedan.

At the Close of The Second Lap

Below will be found in alphabetical order, the names of all the Opportunity Club members, together with all credits cast and counted for publication up to and including Wednesday, September 4th.

Club Member	Credits
Mr. J. C. Baker, Jr.	688,000
Miss Mable Leavitt	2,745,500
Miss Virginia Murray	2,528,500
Mrs. Agnes Oliver	1,940,500
Mrs. E. D. Wheeler	2,100,000
Miss Helen Woods	2,540,750

This list shows just who is working and who really means business, back your favorite NOW as subscriptions count more NOW than they will ever again during the race.

WHERE WILL YOU BE IN THE NEXT LIST?

ONLY SIX MORE DAYS of the 25,000 Extra Credit offer for each \$20.00 Club.

6 More Days to Win that \$25.00 in Gold. 9 p. m., Wednesday, September 11th, is the last call for subscriptions to count on this prize.

MORE DAYS TO FINISH THE LAST COUNT

To be published in the paper before the close. Bulletin board outside the News office will be changed daily from now until Thursday, September 12th. After that date the race will be blind.

Two Hurt and Car Burned in Hiway Accident

On last Sunday evening about 9:30 the car in which Miss Lillian Cash and Flake Montgomery of Happy were riding was run into by a car driven by O. G. Hill of Hereford on the new highway 8 miles out of Canyon. Both Miss Cash and Mr. Montgomery were badly bruised, but are now well on their way to recovery.

Miss Cash was brought to her home after the accident, and regained consciousness only at times during Sunday night. Her face and body were bruised, two ribs were fractured, and there were a few cuts on her body which are not serious.

Mr. Montgomery was taken to St. Anthony's Sanitarium in Amarillo where he has been receiving medical attention since. He did not regain consciousness until Monday afternoon, but he will be able to be moved home this week, according to reports late yesterday. He received a fractured skull.

The accident happened when the Graham-Paige car driven by Mr. Hill started to pull around the car in front of it and collided with Mr. Montgomery's Chevrolet which he was meeting. As the Chevrolet was going slow, it was knocked back and into the ditch where it caught fire and was burned up.

LANDED IN JAIL AFTER GIVING THREE DRY CHECKS

Howard Young was arrested Tuesday in Hereford on authority of Sheriff John Fry, charged with giving three dry checks to Canyon merchants. He was brought here yesterday to face charges in the local courts.

SCHOOL OPENS

The school bell rings Monday morning for the children of Canyon. Every boy and girl of scholastic age should respond to the call of the opening of school. Every boy and girl should join the teachers in the public school in the determination to make this the best school year that the Canyon school has ever enjoyed.

Being the educational center of Northwest Texas, there is no excuse for any young man or young woman being out of school.

Many towns are confronted with the problem of keeping the boys in school. So far, this problem has not been great in Canyon, but as a matter of fact, there are more boys absent from the school rooms in Canyon than there should be. The girls are taking advantage of the schools, almost 100%, but there are many boys who feel like the schools were built for girls, and the sissy boy-type, and after the football season ends there is little need for them to attend school. This is a sad mistake on the part of any boy, and all of the influences of the community should be brought to bear upon all boys to keep them in school.

The Rotary Club of Amarillo has undertaken a very laudable program. Every boy who has dropped out of the Amarillo schools during the past year will be visited by two members of the Rotary Club, and asked to return to school this fall. When the boys see that business men are interested in them, and really wish good for them, many who would not otherwise return to the school room will answer present next Monday.

The schools of Canyon are the foundation of the future growth and development of the city. It is a tremendous responsibility which the teachers have assumed in taking over the care of the schools for the coming year. They should have the most hearty cooperation of every citizen of Canyon, especially those who have children in the schools.

It's a long way from Austin to Washington, and after you get there, you will find little interest in Texas. Yet, if Tom Love has his way about things, Texas politics next year will be fought out in Texas around Al Smith, President Hoover and Jake Raskob. None of these distinguished gentlemen have any interest in Texas affairs, except as the vote of the state is thrown into the national hopper. It would seem that the voters of Texas should be more interested in its schools, its roads, its penitentiary system, its ever mounting number of unfortunates, and its problems, which are becoming more and more complex, than they would be in some fellow who holds some office in Washington or New York, and who is in no position to help Texas with its problems, and would not likely do so if he could. Texas should select a Governor who is willing to talk about the needs of Texas, and his ability to solve the problems of Texas, rather than listen to a man who would muddy the waters basing his campaign upon the unpleasantness of a national political campaign.

County Agent W. H. Upchurch is looking for more good samples to take in the county exhibit to the Tri-State Fair. He will go any place in the county to procure these samples, but requests that citizens tell him where they may be procured. Randall county won first at the Tri-State Fair last year. Competition will be stronger this year, states Mr. Upchurch, and he will need the closest co-operation of the entire citizenship in order to procure the best exhibit possible for the county. Any citizen who can assist Mr. Upchurch in locating creditable material for the exhibit should see him at once.

The Jews and Arabs are fighting over Jerusalem. Another religious war. It is funny, but the bitterest wars in the world's history have been religious wars. Nothing will make men fly at each other's throats quite so quickly as religious prejudices.

CHASED BY BEAR,
SAVED BY COW

Straight, Pa.—Being chased by a bear and rescued by a cow was experienced by Mrs. Fred Howard. She was fishing near her home when a bear and her four cubs appeared. Mrs. Howard's screams attracted her husband and also a cow, which gave chase to the bear. The cubs made no effort to escape and climbed an apple tree.

Glad She Needed
Advice of Friends

"I am so happy over the wonderful benefits received from Sargon that I will always be grateful to my friends and relatives who insisted that I take it."

"For many years I suffered with stomach trouble. Everything I ate caused great distress. I even thought I had heart trouble. Biliousness caused such dizzy spells at times I thought I was going blind. I had awful pains in my back, legs and arms and was so nervous I hardly ever got good sound sleep. I was always taking some strong laxative for constipation, but never got any real relief."

"Finally I started Sargon and Sargon Soft Mass Pills and my relief was almost immediate. My appetite is now splendid. I never suffer with indigestion and those terrible pains have gone. The pills regulated me perfectly and relieved my biliousness and constipation."

"I could talk all day and never praise Sargon enough."—Mrs. Julia H. Mata, 2101 Commerce St., San Antonio.

THE POWER

Dr. John Joseph Gaines

I am a firm believer in anything my reasoning power tells me is absolute truth. Once my belief is established, my faith lays hold in earnest.

All bodies set in motion by outside influence, and left to themselves, tend to become still—in other words, they come to rest. If I drop a pebble in a still pond, ripples start very quickly. When the impact of the pebble is gone, the little waves gradually become placid again. That's because the force is not continuous.

The great planets floating in space are in constant motion. Some wonderful power must have set them to work. And, unless that power is perpetual, the large bodies would in time cease to move.

Our earth is rolling now—a thousand miles per hour—swifter than the most powerful airplane! It is also rolling around the sun in an almost incomprehensible orbit, every 365 days. Some stupendous

power set the pace. It is still causing the big spheroid to move exactly on time, and with the same unerring precision. The power is at work right now, as it was "in the beginning."

I don't need any book to tell me that this power is still at work. Eclipses can be figured thousands of years ahead, far more accurately than any man-made chronometer can register. The past proves this.

Call the power God, or any other name—I know there is a supreme power. Since great good comes from the exercise of this power that makes universal life possible, I know it is a good power, for which "God" is by all earthly reason the best name.

Theorists and doubters may tell me with all emphasis that there is no God; I know better. I am willing to put my faith, and all that I am or have, in the power that gives me my life, and the lives of those I hold most dear. Men may believe as they please—I do the same.

ENROLL FOR MEN'S RIGHTS

Now there is a world organization called Aequitas, formed to fight for Men's Rights.

It is housed in a fine old Vienna palace and its members are 25,000 suffering males who have been driven by the tyranny of femininity to join forces in the hope of preventing the further subjugation of men.

The Aequitas says that women have always ruled France, that women voters outnumber the men in England, and that the United States is completely under the domination of the ladies.

The Aequitas admits it does not want to reestablish the tyranny of the male. (Evidently that is considered a hopeless task.)

The program of the Aequitas, if carried out, would make it impossible for women of means or women capable of self-support, or women who leave their husbands within three years of marriage, to get alimony. Divorced women would be denied the use of their husband's names.

There are other purposes of this movement for Men's Rights. But it is a rather timid milk-and-water movement. For example, many American men are in it. But they refuse to make their names public.

They're afraid. And who would not be?

NOT HEALTHY TO RETIRE

Thomas A. Edison was recently asked whether he intended to retire.

"No," he answered. "It's unhealthy."

These are wise words from a man of true wisdom. His inventions and discoveries have benefited the world for many years—at his advanced years many men stop working, and give themselves to rest and comfort, but he remains just as busy as ever.

He knows not only secrets of electricity, but also secrets of good living.

He has learned that life is an experience glorious and vital—and that retirement means stagnation and death. His own splendid

Get the Facts Before You Build

We can tell you how to build
a beautiful, livable home

When our ancestors along the Atlantic Coast built homes of unusual beauty which are standing today after two and three hundred years of service, they knew what they were doing. They built of virgin timber and they built skillfully.

You may do the same today. You may build a home, as the early Colonials did, that will be a joy to your children—that will be beautiful, easy to heat in winter, and cool in the hottest summer weather. It is only necessary that you use plenty of good wood, and proper construction. That is what made the early Colonial homes so livable, beautiful and lasting.

Valuable Free Information

Stop in at the first opportunity and get our suggestions on your own home building problem! You can get just the information and ideas which will assure you of a home of worth, comfort, and appearance—built of materials best suited for lasting economy.

Now there is a world organization called Aequitas, formed to fight for Men's Rights. It is housed in a fine old Vienna palace and its members are 25,000 suffering males who have been driven by the tyranny of femininity to join forces in the hope of preventing the further subjugation of men.

The Aequitas says that women have always ruled France, that women voters outnumber the men in England, and that the United States is completely under the domination of the ladies.

The Aequitas admits it does not want to reestablish the tyranny of the male. (Evidently that is considered a hopeless task).

The program of the Aequitas, if carried out, would make it impossible for women of means or women capable of self-support, or women who leave their husbands within three years of marriage, to get alimony. Divorced women would be denied the use of their husband's names.

There are other purposes of this movement for Men's Rights. But it is a rather timid milk-and-water movement. For example, many American men are in it. But they refuse to make their names public. They're afraid. And who would not be?

NOT HEALTHY TO RETIRE

Thomas A. Edison was recently asked whether he intended to retire.

"No," he answered. "It's unhealthy."

These are wise words from a man of true wisdom. His inventions and discoveries have benefited the world for many years—at his advanced years many men stop working, and give themselves to rest and comfort, but he remains just as busy as ever.

He knows not only secrets of electricity, but also secrets of good living.

He has learned that life is an experience glorious and vital—and that retirement means stagnation and death. His own splendid

DON'T suffer headaches, or any of those pains that Bayer Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every druggist has it, but don't fail to ask the druggist for Bayer. And don't take any but the box that says Bayer, with the word genuine printed in red:

Aspirin is the trade mark of Bayer Manufacture of Monacopoland of Solingen

Get the Facts Before You Build

We can tell you how to build
a beautiful, livable home

When our ancestors along the Atlantic Coast built homes of unusual beauty which are standing today after two and three hundred years of service, they knew what they were doing. They built of virgin timber and they built skillfully.

You may do the same today. You may build a home, as the early Colonials did, that will be a joy to your children—that will be beautiful, easy to heat in winter, and cool in the hottest summer weather. It is only necessary that you use plenty of good wood, and proper construction. That is what made the early Colonial homes so livable, beautiful and lasting.

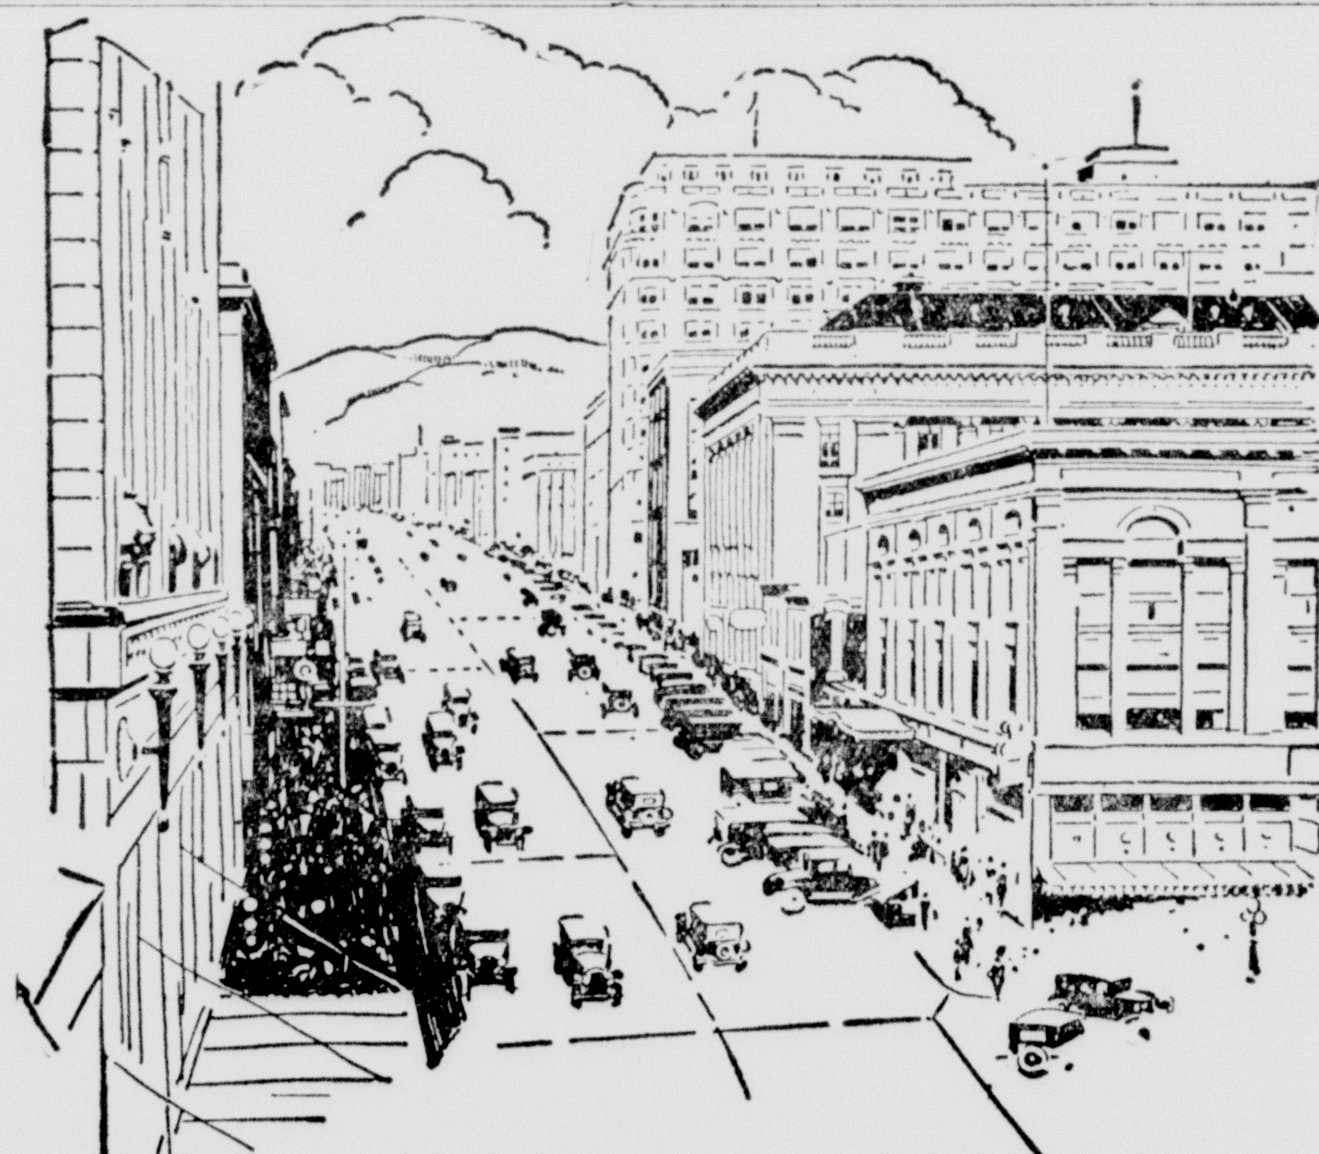

Valuable Free Information

Stop in at the first opportunity and get our suggestions on your own home building problem! You can get just the information and ideas which will assure you of a home of worth, comfort, and appearance—built of materials best suited for lasting economy.

Concrete Streets in Texas

SAN ANGELO believes in portland cement concrete for street paving.

The city believes in it thoroughly—conclusively—over 500,000 square yards of concrete streets are evidence of this belief.

Many more progressive Texas cities have already adopted concrete as the standard paving material for business and residence streets alike. Has yours?

To Our Patrons and Friends

As we retire from business in Canyon, we wish to thank each of you for the patronage and support given the Wellworth Novelty Store, which contributed to the success and growth of this business in Canyon, and for all of this, we are due you the credit, and to you we feel and are grateful, trusting that in the future we may continue to merit your confidence, good will and friendship.

Mr. M. E. Moses, who succeeds us, comes to you from Quanah, Tex., and I know him to be a good square dealing business man, a clean Christian gentleman, who will give you a bigger store, and a better store, than we could offer you, and we earnestly request that you continue to patronize this store as you have with us.

We also wish to thank the business men of Canyon, for the liberal spirit of welcome that they have often shown for this store, and we appreciate their association and congeniality.

Mr. and Mrs. G. O. Walker

HINTS FOR THE HOME

BY NANCY HART

Did you know that fruits and tomatoes may be canned by the water-bath method, but all non-acid vegetables should be processed under steam pressure at a temperature higher than 212 degrees Fahrenheit, to make sure that all dangerous organisms or bacteria are destroyed. Also, canning is more uniformly successful when food is packed into jars or cans while boiling hot. Under this method the material at the center of the can reaches the necessary high temperature much more quickly than when packed cold or uncooked. Shortening the time of processing generally gives better texture, flavor and appearance in the finished product.

Sunday Night Supper

Honey Dew
Club Sandwiches Cottage Cheese
Sliced peaches with ice cream
Iced Coffee

Ham-Tomato Toast

1 tbl. chopped onion, 1 tbl. chopped green pepper, 2 tbl. butter, 1 1/2 cups stewed tomatoes, 1/2 cup ground ham, 1 egg. Cook onion and pepper in butter until soft, add tomato, simmer ten minutes. Add ham and egg slightly beaten. Cook until egg has thickened the mixture and pour over crisp buttered toast.

Lettuce Rolls

Mix thoroughly 1/2 cup raisins, 1 cup cottage cheese and 1/2 cup chopped mayonnaise until mixture is smooth. Season to taste. Spread crisp lettuce leaves thickly with the paste, roll up nut meats. Cream into this 1/2 cup like a jelly roll and bind with strips of pimento.

Old-fashioned Vinegar Pie

Beat 1 egg until light, add 1 teacup sugar and 1 heaping tsp.

flour, beating hard. Then add 1 cup of cold water, 1 tbs. vinegar, nutmeg or cinnamon to taste. Cover with meringue and brown.

Good Summer Candy

Cook 1 lb. light brown sugar with 1/2 cup honey until it becomes brittle in cold water. Line candy pan with coconut, candied cherries, nut meats, cut in small pieces. Add 1 tbl. lemon juice to the candy just before removing from the stove, and pour over the nuts and fruits. When cold, cut in squares.

Use for Strainer Lid

When cooking a food that scorches easily, try placing it in a strainer lid which will hold it off the bottom of the kettle and still permit the food to boil naturally.

Reviving Velvet

With a soft brush dust off the velvet, velveteen or plush to be renewed. Then sponge with a weak solution of borax or benzine. If badly soiled, immerse in benzine and shake until dry.

Prevent Rings When Cleaning

If you will add a little salt to benzine or gasoline used for cleaning fabrics, this will prevent rings or the formation of circles.

A Laundry Hint

When washing silk handkerchiefs the best results are obtained by using salt water and ironing the handkerchiefs while still wet.

Soldiers Used in War Against New Insect

The eternal war between man-

kind and insects has at last forced human beings, thus far the losers in the struggle, to call out actual armies.

In Florida, where the Mediterranean fruit fly suddenly appeared to reinforce other insect pests, four companies of militia were mobilized to police quarantined areas, says Woman's Home Companion, and Congress appropriated \$4,000,000 to finance the first stages of the war. "The Companion has long urged," continues the editorial, "that instead of abolishing armies, we ought to increase them and train

them to fight against insects, vermin, floods, earthquakes, fires and storms. Any war ever fought between nations of men was puny as compared to the present and future war between man and these destructive forces of nature. And as yet it is by no means certain that man will be the victor."

NOT MUCH HELP

Bill Bruce says he's mighty glad so many folks are wishin' him luck in cleanin' out all those frogs he found in his well recently. "It's right nice," said Bill, a-chucklin', "to have so many well wishers."

HINTS FOR THE HOME

BY NANCY HART

Did you know that fruits and tomatoes may be canned by the water-bath method, but all non-acid vegetables should be processed under steam pressure at a temperature higher than 212 degrees Fahrenheit, to make sure that all dangerous organisms or bacteria are destroyed. Also, canning is more uniformly successful when food is packed into jars or cans while boiling hot. Under this method the material at the center of the can reaches the necessary high temperature much more quickly than when packed cold or uncooked. Shortening the time of processing generally gives better texture, flavor and appearance in the finished product.

Sunday Night Supper

Honey Dew
Club Sandwiches Cottage Cheese
Sliced peaches with ice cream
Iced Coffee

Ham-Tomato Toast

1 tbl. chopped onion, 1 tbl. chopped green pepper, 2 tbl. butter, 1 1/2 cups stewed tomatoes, 1/2 cup ground ham, 1 egg. Cook onion and pepper in butter until soft, add tomato, simmer ten minutes. Add ham and egg slightly beaten. Cook until egg has thickened the mixture and pour over crisp buttered toast.

Lettuce Rolls

Mix thoroughly 1/2 cup raisins, 1 cup cottage cheese and 1/2 cup chopped mayonnaise until mixture is smooth. Season to taste. Spread crisp lettuce leaves thickly with the paste, roll up nut meats. Cream into this 1/2 cup like a jelly roll and bind with strips of pimento.

Old-fashioned Vinegar Pie

Beat 1 egg until light, add 1 teacup sugar and 1 heaping tsp.

flour, beating hard. Then add 1 cup of cold water, 1 tbs. vinegar, nutmeg or cinnamon to taste. Cover with meringue and brown.

Good Summer Candy

Cook 1 lb. light brown sugar with 1/2 cup honey until it becomes brittle in cold water. Line candy pan with cocoanut, candied cherries, nut meats, cut in small pieces. Add 1 tbl. lemon juice to the candy just before removing from the stove, and pour over the nuts and fruits. When cold, cut in squares.

Use for Strainer Lid

When cooking a food that scorches easily, try placing it in a strainer lid which will hold it off the bottom of the kettle and still permit the food to boil naturally.

Reviving Velvet

With a soft brush dust off the velvet, velveteen or plush to be renewed. Then sponge with a weak solution of borax or benzine. If badly soiled, immerse in benzine and shake until dry.

Prevent Rings When Cleaning

If you will add a little salt to benzine or gasoline used for cleaning fabrics, this will prevent rings or the formation of circles.

A Laundry Hint

When washing silk handkerchiefs the best results are obtained by using salt water and ironing the handkerchiefs while still wet.

Only the World's Greatest Experience could produce a DUNLOP

CONSIDER these facts when you buy tires. Dunlop founded the pneumatic tire industry. Dunlop has had the world's greatest tire-building experience—41 years of it. Dunlop has pioneered many important tire improvements—was first to develop the straight-side tire—first to own its own rubber plantations—first to weave all its cord fabric in its own mills.

DUNLOP TIRES must be better

What road conditions do your tires meet? Must they resist long miles over smooth concrete? Dunlop engineers have developed the toughest, slowest-wearing tread compounds known. Do you drive over rough, rutty roads? Dunlop tires are made only with expensive long-staple Egyptian cotton, woven into sturdy cable-twist fabric. Such a tire carcass resists even abuse. From raw materials to the finished product, Dunlop uses only the best materials... the most skilled labor and the most careful supervision. Judge for yourself... come in and see Dunlops.

Mr. and Mrs. E. A. Oberst, Misses Wilhelmina and Freda Oberst, and Elmer returned Thursday from an extended trip to Denver and the mountains.

Grady Holland of Mineral Wells spent the week end here with friends.

Rev. C. E. Jameson is in White Deer where he is conducting a revival meeting at the Methodist church.

Competition is Very Low Among Causes for Business Failures

A nationally known commercial credit rating from reports that competition accounted for but 3.6 per cent of business failures in 1928, holding fifth place among causes of such failures. In their report for 1924, however, competition ranked seventh, accounting for only 1.1 per cent. A decrease was reported in the relative importance of incompetence as a cause of business failures in 1928 as compared with 1924, the decrease being slightly more than offset by the increase of lack of capital as a casual factor. The table below gives the percentage figures for the two years:

HOUSEHOLD SCRAPBOOK

By ROBERTA LEE

It is just common sense to use package foods wherever possible. Dust and personal handling, germs and whatnot are kept from these foods where it is impossible to give bulk foods the same protection. This is one of the so-called "food fads" that one may indulge in without fear of contradiction from any source, for in helping to keep foods fresh it contributes as much to economy as it does to health.

Another so-called fad that is acknowledged to be good practice is the habit of choosing foods that are not over-refined. This applies chiefly to cereals, corn meal, flours and rice, where the most beneficial substance is found close to the outer hull of the product, and is lost through over-bleaching, bolting and polishing.

Special Menu

Clam broth frappe
Spanish chicken
Buttered wax beans
Stuffed tomato salad
Cheese wafers
Pineapple mousse
Cocoanut cake
Beverage.

Cured Halibut

Melt 1 tbl. butter and soften in it 1 tsp. minced onion. Add 1 tsp. curry powder mixed with 1 tbl. flour; stir in 1 cup milk and ½ cup cream. When creamy, add 2 cups cold boiled or baked halibut, season and serve very hot.

String Bean and Egg Salad

To 1 pint cooked string beans add ½ cup chopped celery ½ cup chopped nuts, 1 tbl. chopped onion. Make a paste of the yolks of 3 hard boiled eggs, add to French dressing, mix well with the beans and set away to become thoroughly chilled.

Raspberry Squash

In a saucepan mash 4 cups red raspberries, add 1 cup sugar and cook together 15 minutes. Then stir over the berries ¼ cup of flour. Cook for an additional half hour, stirring frequently. When stiff, pour the mixture into molds and when cool set in refrigerator to become very cold. Remove from molds and serve with whipped cream.

Canton Punch

Boil 4 cups water with 1 cup sugar and ½ cup Canton ginger cut fine. Let cook about 20 minutes; strain and add ½ cup lemon juice. Chill and when ready to serve, add charged water. Pour over crushed ice in tall glasses.

HEN MOTHERS KITTENS

Ardmore, Okla.—Susie, an old setting hen, had no eggs to sit on. Now she is a setting hen with three tiny kittens to take care of. Mehitabel, the rightful mother of the new-born felines, comes around at feeding time, after which she purrs contentedly and leaves Susie to bring up her off-spring.

Indulge in humor as much as you please so that it is not ill-humor.—G. D. Prentice.

If modern methods had obtained in those days, Job would have claimed the world's patience endurance record.—Arkansas Gazette.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

Fletcher's
CASTORIA

ALL CORNED UP

A New York laboratory takes plain corn stalks, puts them thru a special process, and in fifteen minutes they come out as stiff as a board. By familiarity with certain other corn products you can achieve approximately the same result yourself.—Boston Herald.

TOO MUCH STATIC

Fundamentally, a Cleveland doctor states, man is a sort of electric storage battery. Bear this in mind and when, at home, you are being told something you don't care to hear, remark: "My B battery has run down, I guess. You aren't coming in very strong.—Detroit News.

Our idea of prison reform is to add a couple of large wings.—Aledo Blade.

Know the Facts and you will choose Oakland

America's finest medium-priced automobile

Oakland supremacy in every phase of motor car quality has been proved indisputably in one of the most complete analyses of automobile values ever made. Below are some of the facts obtained in comparing today's All-American Six with 20 other medium-priced automobiles. There are dozens of other facts which we will gladly show you, pointing out their significance and explaining what they mean to you in satisfaction with the All-American Six. Come in for this information... and while you are here we will give you a demonstration which will substantiate our most enthusiastic claims for Oakland—America's finest medium-priced car.

FACTS REVEALED BY COMPARISON

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 978 individual comparisons were made. Of these, Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars compared were at best equal to Oakland on 382 or 43.50 per cent. And 13 of the 20 were higher-priced than Oakland!

WHEELBASE Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

PISTON DISPLACEMENT Oakland's 228 cubic inch piston displacement is greater than 13 of the 20 cars in its price field. Of the 8 remaining 7 are higher priced than Oakland.

BRAKES Only Oakland and one other car in its field use the fine type of brakes which Oakland employs. And no car in the field equals Oakland's 290 square inches of brake band area. Oakland's separate emergency brake operates on the transmission. Seven cars in the field have no separate emergency brakes, although three of them exceed Oakland in price.

Only the World's Greatest Experience could produce a DUNLOP

CONSIDER these facts when you buy tires. Dunlop founded the pneumatic tire industry. Dunlop has had the world's greatest tire-building experience—41 years of it. Dunlop has pioneered many important tire improvements—was first to develop the straight-side tire—first to own its own rubber plantations—first to weave all its cord fabric in its own mills.

DUNLOP TIRES must be better

What road conditions do your tires meet? Must they resist long miles over smooth concrete? Dunlop engineers have developed the toughest, slowest-wearing tread compounds known. Do you drive over rough, rutty roads? Dunlop tires are made only with expensive long-staple Egyptian cotton, woven into sturdy cable-twist fabric. Such a tire carcass resists even abuse. From raw materials to the finished product, Dunlop uses only the best materials... the most skilled labor and the most careful supervision. Judge for yourself... come in and see Dunlops.

LOCAL NEWS

Mr. and Mrs. C. E. Strain and children and Miss Addalene Strain have returned from a visit to Dallas.

Mrs. L. M. Cousins and daughter, Lee Christine, left Saturday for her school in Clarendon.

B. B. Cluck and family have returned from a week's trip to New Mexico.

E. A. Rusk and children have returned from a trip to Oklahoma.

Miss Hazel Kirbie has returned from White Deer where she has been visiting for the past week.

Mrs. H. D. McCasland and children have returned from a trip to Galveston and other points on the coast.

Mr. and Mrs. Aleck Mann, and Mrs. Stroud of Galena, Kansas, have been visiting with Mrs. Ethel Woods. They are relatives.

Mr. and Mrs. Harry Inman, and Mr. and Mrs. Jay Prichard and baby spent the week end at the Baptist Encampment.

Mr. and Mrs. N. T. Dickerson spent the week end in Silvertown.

Olin E. Hinkle returned to Pampa Saturday morning after spending the past two weeks in the home of his parents, Mr. and Mrs. W. J. Hinkle.

Mrs. J. B. Gamble is leaving to visit in Calamus, Iowa. She will be accompanied by Miss Herta Myers, and Miss Stella Ivey who has been visiting here will go with them part of the way.

R. T. McDaniel, Wayne Johnson and Edgar Laxson have returned from a vacation trip to New Mexico.

Ishmael Hill and Ray Cole have returned from an extended trip to Mississippi, Tennessee and Louisiana.

Misses Grace and Ada V. Clark have returned from Nashville, Tennessee where they have been attending school this summer. They joined their mother, Mrs. H. E. Clark, in Minnesota, where she has been spending the summer with another daughter. Mrs. Clark returned home with them.

Mr. and Mrs. E. H. Porter and children and Mr. and Mrs. D. Mack Stewart and children have returned from a trip to New Mexico.

Hugh Kirbie of White Deer is spending several days visiting with Mrs. Kirbie and Hazel.

Mr. and Mrs. E. A. Oberst, Misses Wilhelmina and Freda Oberst, and Elmer returned Thursday from an extended trip to Denver and the mountains.

Grady Holland of Mineral Wells spent the week end here with friends.

Rev. C. E. Jameson is in White Deer where he is conducting a revival meeting at the Methodist church.

Competition is Very Low Among Causes for Business Failures

A nationally known commercial credit rating from reports that competition accounted for but 3.6 per cent of business failures in 1928, holding fifth place among causes of such failures. In their report for 1924, however, competition ranked seventh, accounting for only 1.1 per cent. A decrease was reported in the relative importance of incompetence as a cause of business failures in 1928 as compared with 1924, the decrease being slightly more than offset by the increase of lack of capital as a casual factor. The table below gives the percentage figures for the two years:

	Per Cent	1924	1928
Lack of capital	31.4	35.8	
Incompetence	34.7	31.4	
Specific conditions	34.7	17.7	
Inexperience	4.8	4.8	
Competition	1.1	3.6	
Fraud	3.7	2.7	
Unwise credits	1.3	1.3	
Failure of others	—	1.3	
Neglect	1.0	0.8	
Extravagance	0.7	0.4	
Speculation	0.2	0.2	

Before Baby Comes Needless Pain Avoided

TEA FOR MISS CHARLTON
Miss Juliet Charlton, of Nashville, Tenn., was guest of honor at a tea given by Mrs. Elizabeth Fry Page, at the "Little House of Fellowship," Friday afternoon, August 30th.

The house was beautifully decorated with sweet peas, asters and snap dragons of all colors harmoniously blended. A salad course was served, with lime ice; and a delightful afternoon was spent.

Besides the hostess and honoree, the following were present: Bishop and Mrs. E. C. Seaman and Mrs. John Wise, of Amarillo, Mrs. Frank Charlton, Miss Agnes Charlton, Mrs. R. P. Jarrett, Mrs. William Robinson, Miss Ruth Lowes, Miss Mary Lamb, and Miss Leah Amend. Mrs. Robinson and Miss Amend assisted the hostess in receiving and serving.

Miss Charlton, while in Canyon, has been the guest of her brother, Rev. Frank Charlton, and family, and of Mrs. Hugh Guill and Mrs. Page, and has made many friends and received many social courtesies. She leaves shortly for a visit to her nephew, Mr. Howard Charlton, in Oklahoma.

HAS LARGE SUNFLOWER
W. F. Heller brought a large sunflower head to the News office Tuesday. He is raising sunflowers this year. The birds have been working on the heads, hulling out the seeds. Some of these sunflowers will go into the Randall county exhibit at the Tri-State Fair.

FIRST NORTHER HITS
Relief from the long continued heat wave was felt yesterday when the first norther of the season hit this section. A light shower accompanied the cool, refreshing north wind of yesterday.

LEASES RANCH
Dr. Earl C. Axtell has leased his ranch for three years to Jack Roach of Clarendon. He also sold him 1400 head of cattle.

NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION

Sealed proposals addressed to the State Highway Engineer of Texas, for the improvement of that part of State Highway No. 9, covered by F. A. P. No. 60 & 546-G in Randall County, will be received at the office of the State Highway Engineer at Austin, Texas, until 10 o'clock, A. M., September 17, 1929, and then publicly opened and read.

Work consists of construction of Grading and Drainage Structures from Canyon City to Swisher County Line, a distance of 16.636 miles.

A certified or cashier's check for \$3,000.00 for "Grading and Small Drainage Structures" and \$800.00 for "Large Drainage Structures," is required.

Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of A. E. Dyatt, Resident Engineer, at Canyon City, Texas, and at the office of the State Highway Department, State Office Building, Austin, Texas.

The usual rights are reserved.

Mrs. Eunice Hurst Dies at Family Home

Funeral services for Mrs. Eunice Irene Hurst, wife of R. E. Hurst, were held Tuesday afternoon at four o'clock at the Church of Christ, with Rev. Smith in charge. Mrs. Hurst died at one o'clock Monday morning at the family home after an illness of several weeks.

Mr. and Mrs. Hurst have been living on a farm four miles east of Canyon for the last five years. She was a member of the Church of Christ. Besides her husband, five children survive her. Interment was made at Dreamland Cemetery.

FIRST CHURCH OF CHRIST SCIENTIST

15th Street, 7th Avenue. "Man" will be the subject of the lesson-sermon in the First Church of Christ, Scientist, next Sunday, September 8.

The Golden Text is, "God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth." (Genesis 1: 26.)

Among the citations which comprise the lesson-sermon are the following from the Bible: "But now thus saith the Lord that created thee, O Jacob, and he that formed thee, O Israel, Fear not: for I have redeemed thee, I have called thee by thy name; thou art mine." (Isaiah 43:1.)

The lesson-sermon will also include the following passages from the Christian Science text book "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man, The Compound idea of infinite Spirit; the spiritual image and likeness of God; the full representation of Mind." (P. 591.)

Women, Reputed Talkers, Fail in Radio Tests

Women, who have long been the victims of jokes that portrayed them as champion talkers of the world, thus far have failed to meet the requirements of radio announcing.

They may have the last word in the direction of a radio station, program arrangement and continuity writing, but as an announcer they are doomed to silence, continues the article. The admission is made by Miss Judith Waller, herself a director of a Chicago station, who declares she would favor women announcers if it were possible. "Frankly, announcing is not a field for women," she says in the interview. "In the majority of instances their voices do not register and carry well and are not pleasant to the average radio listener."

Miss Waller pointed out that musicians, actresses, interior decorators, specialists in home economics and other noted people whose knowledge would be highly entertaining if broadcast are unavailable for the radio because of their voices. Some of the greatest artists do not have radio voices. This, added Miss Waller, simply implies a certain lack of quality and does not reflect upon the beauty of the spoken voice.

PARENTAL FAULT

Diphtheria is entirely due to indifference and innocent ignorance on the part of parents.

HEAVY HEARTED, OF COURSE One wonders how a shoplifter feels in a tractor show-room.

With all the wisdom being syndicated daily by Dr. Cadman, Dr. Copeland, Arthur Brisbane, and others, the rest of us hardly have to do any thinking at all.—Flour-ence (Ala.) Herald.

Nowadays a vacation period is usually nothing but a dash in an automobile.—Louisville Times.

Kernit Volkman of Forestburg, Texas, came Tuesday to attend W. T. this fall. He is the nephew of Mrs. J. W. McDaniels and will be employed at the Palo Duro Cafe.

Mr. and Mrs. J. A. Watts of Clarendon were visitors in the J. A. Guthrie home Sunday.

Mrs. Eunice Hurst Dies at Family Home

Funeral services for Mrs. Eunice Irene Hurst, wife of R. E. Hurst, were held Tuesday afternoon at four o'clock at the Church of Christ, with Rev. Smith in charge.

Mrs. Hurst died at one o'clock Monday morning at the family home after an illness of several weeks.

Mr. and Mrs. Hurst have been living on a farm four miles east of Canyon for the last five years. She was a member of the Church of Christ. Besides her husband, five children survive her. Interment was made at Dreamland Cemetery.

FIRST CHURCH OF CHRIST SCIENTIST

15th Street 7th Avenue.

"Man," will be the subject of the lesson-sermon in the First Church of Christ, Scientist, next Sunday, September 8.

The Golden Text is, "God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth." (Genesis 1: 26.)

Among the citations which comprise the lesson-sermon are the following from the Bible: "But now thus saith the Lord that created thee, O Jacob, and he that formed thee, O Israel, Fear not: for I have redeemed thee I have called thee by thy name; thou art mine." (Isaiah 43: 1.)

The lesson-sermon will also include the following passages from the Christian Science text book "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man, The Compound idea of infinite Spirit; the spiritual image and likeness of God; the full representation of Mind." (P. 591.)

Women, Reputed Talkers, Fail in Radio Tests

Women, who have long been the victims of jokes that portrayed them as champion talkers of the world, thus far have failed to meet the requirements of radio announcing.

They may have the last word in the direction of a radio station, program arrangement and continuity writing, but as an announcer they are doomed to silence, continues the article. The admission is made by Miss Judith Waller, herself a director of a Chicago station, who declares she would favor women announcers if it were possible. "Frankly, announcing is not a field for women," she says in the interview. "In the majority of instances their voices do not register and carry well and are not pleasant to the average radio listener."

Miss Waller pointed out that musicians, actresses, interior decorators, specialists in home economics and other noted people whose knowledge would be highly entertaining if broadcast are unavailable for the radio because of their voices. Some of the greatest artists do not have radio voices. This, added Miss Waller, simply implies a certain lack of quality and does not reflect upon the beauty of the spoken voice.

PARENTAL FAULT

Diphtheria is entirely due to indifference and innocent ignorance on the part of parents.

HEAVY HEARTED, OF COURSE One wonders how a shoplifter feels in a tractor show-room.

With all the wisdom being syndicated daily by Dr. Cadman, Dr. Copeland, Arthur Brisbane, and others, the rest of us hardly have to do any thinking at all.—Florence (Ala.) Herald.

Twelfth Installment

Just by way of diversion we now had an argument as to which way the nearest farm-house lay from where we were. We had determined to postpone trying to reach Fair Oaks until morning and wanted food and shelter for the night.

I thought that I had seen farm buildings on our trail. Hemmingway insisted that they were on the left.

"There is no use quarreling about it," I said finally. "There is nothing to prevent each of us going the way he thinks is right. It's a cinch we will both find shelter if we keep going far enough."

So we separated. We had grown intensely tired of one another anyway; especially since hunger had put an edge on our tempers. Hemmingway started southwest and I branched off over toward the north. It grew dark very rapidly after the sun was gone, but the snow on the ground made it fairly easy to see and I was able to hit up quite a fast pace.

But the farm house I thought I had seen did not materialize. I could have sworn it was in that direction, too. Rather than give up I pushed on further. I did not like the idea of going back to Hemmingway and admitting that I was wrong. Surely if I kept on in the same direction I had been going I would eventually reach some sort of shelter and food!

It was a long time, though, before I saw a welcoming light. I can't say just how long, but I would have guessed several hours. Anyway I was so thoroughly fatigued that I could just barely drag one ski after the other.

But when I saw the light I quickened my pace and made for it. I was afraid that the people who lived there would go to bed before I could arrive.

As I passed over the snow I had a curious sense of familiarity, a

feeling as if I had been there before. It wasn't so much that I recognized anything specific, but I just felt more or less at home. There was something in the air.

All at once the moon came out and as it did the building toward which I was heading loomed large against the sky.

I knew at once why the neighborhood had seemed familiar. The building was the Old Soldier's Home, and I had walked all day to return at night to the very spot from which I had started!

I had no very cheerful vision of a warm welcome upon my return to the Home, but it was a case of any port in a storm, so I continued on my way. The Home was still half a mile distant when the light went out. But I plugged on. I felt pretty sure that I could get in without waking any one up, which I decided would be much the better way because I could

Sitting bolt upright in bed with a revolver levelled at me, was Maryella.

avoid explanations.

As I drew nearer the shadow of the woods that bordered the road I saw a figure dart suddenly from their protecting shade across the patch of intervening moonlight to the Old Soldier's Home.

That struck me as rather curious. Why should any one be in such a hurry and why so furtive? I thought it over quite a while as I stood there waiting for something else to occur.

Then a solution occurred to me. It was doubtless the other escaped prisoner, the one who had held us up in the road when we had started for home the first time!

The chances were that he wanted to get back into the sanitarium and release his partner.

As soon as I arrived at that deduction I, too, hastened in the same direction that he had gone. By the time I got to the front of the building he had disappeared. An open window, however, indicated very plainly where he had gone, and removing my skis I had no hesitation in following him. It was hard work for me to climb through, but I managed it.

There was enough moonlight coming into the living-room where I found myself for me to see that there was no one there. I hardly expected that he would linger long. He was doubtless searching for the room in which Bill, his partner was confined.

There was nothing on the main floor except the living room and the service quarters. I glanced hastily in each room below and then went upstairs which was a

more likely hunting ground. I paused at the head of the stairs scarcely breathing.

He was not there.

While I waited, senses alert and nerves taut, a figure glided out through a door and went down the hall from me. It disappeared in a moment through another door. I waited perhaps two minutes. It reappeared again and passed on to the next room.

I was in a quandary what to do. If I raised an alarm the chances were about even that he would escape. It seemed better to capture him single-handed.

Therefore, when he disappeared into the next room I followed down the hall. As I did I heard a door in back of me open, but was too intent on my quarry to pay much attention to the sound in the rear.

I came to the door where I had seen the man disappear last. It stood open. I stepped in and closed

Sitting bolt upright in bed with a revolver levelled at me, was Maryella.

ed it softly after me. Next I felt gropingly for the electric light switch on the wall.

Before I could find it there was a woman's scream in the room somewhere ahead of me, and then at my back I heard a clicking sound in the door I had just closed.

My hand found the switch. I turned it on.

Sitting bolt upright in bed, with a revolver levelled at me, was Maryella.

There was no one else in sight.

CHAPTER XII
Several Surprises

"Throw up your hands," Maryella commanded, undecided how to treat a burglar whom she knew by his first name, but choosing at length the conventional procedure.

"I will," I agreed. "If you'll point that shoe horn in some other direction."

She threw aside the weapon.

"If you are a gentleman you will leave this room," she said firmly.

"I don't know what you mean by this unwarrantable intrusion."

"A man came in here and I followed him."

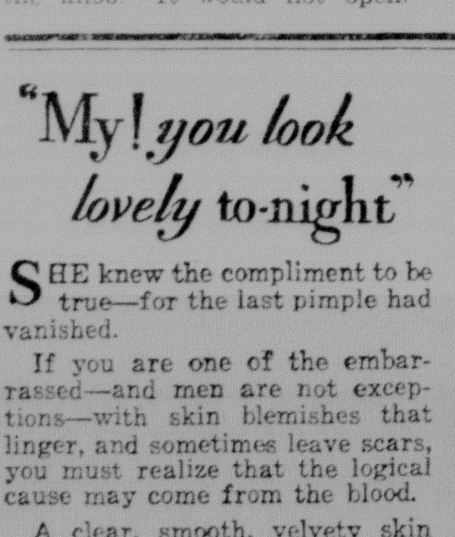

"Nonsense! Where is he?"

It did sound a trifle fishy. I'll admit. There was no one in sight. I even looked under the bed.

"Now go," she ordered as if she were addressing an infant who had to be dealt with firmly. "I don't know what is the matter with you lately, Tom Bilbeck. You used to be a fairly sensible, dependable man; but now you act like a lunatic two-thirds of the time."

"I'll go," I said mournfully; "but some day you'll realize how unjustly you have treated me."

I went to the door and turned the knob. It would not open.

Sitting bolt upright in bed, with a revolver levelled at me, was Maryella.

CHAPTER XII
Several Surprises

"Throw up your hands," Maryella commanded, undecided how to treat a burglar whom she knew by his first name, but choosing at length the conventional procedure.

"I will," I agreed. "If you'll point that shoe horn in some other direction."

"What's the matter?" Maryella asked when I delayed.

"I can't get out. This door is locked on the outside."

"Absurd!" Maryella got out of bed and slipped on her fur coat.

"How could it be locked?"

She came over to the door. As she stood beside me I had a poignant spasm of heartache at the dainty desirability of her. It was no time for sentiment in a situation that bade fare to become serious, but I challenge any man to be so near the person of the woman he loves and not be conscious of rippling hair, especially if it flows over her shoulders, and the soft tenderness of the skin flushed with sleep.

She tried the door.

"It is locked," she admitted with incredulous eyes that sought mine questioning. "What does it mean?"

I shook my head. "I don't know." Just to be doing something, I rattled the knob.

"Be quiet in there, consarn you," said a voice outside. "You're arrested in the name of the law, and anything you say will be used agin' you."

It was the sheriff. How had he become involved in the midnight parade? What explanation could there be of an officer of the law being on the scene of a crime? It was contrary to precedent.

I even told him so through the locked door.

"Don't argue with him," pleaded Maryella in a whisper.

A new look of concern had come into her eyes.

"What is it? What are you afraid of?" I asked.

"Think how this is going to look when they find you and me here! Oh, Tom, how could you compromise me so?"

"I didn't intend to. I wasn't even thinking of you."

"Oh," she murmured as if hurt. "Mrs. Hemmingway occupies all your thoughts, I suppose."

My heart leaped joyfully. Even in a moment of stress she had time to be jealous. Maybe it was all for the best.

"I'm sorry," I said penitently.

"That won't do any good. We ought to be able to do something definite to make this look all right."

"I'll do anything you say," I offered. "Shall I jump out of the window?"

"You might break your neck."

"It wouldn't matter," I said bitterly.

She disregarded my martyr-like speech. "Suppose you were to hide," she suggested. "I'll say you jumped out of the window and then when they got out after you, you could escape."

"Clever plan," I congratulated admiringly. "Where shall I hide?"

"Under the bed," she suggested practically.

I glanced doubtfully at the white enameled iron bed which was bolted to the floor. It looked to me as if it were underslung.

However, I'm the most obliging man you ever met so I got down on the floor and started to crawl under. Unfortunately I stuck halfway.

I could almost make it, and I struggled hard to condense that refractory half inch of girth that was holding me back. It was no use.

Then I tried to back out. To my dismay I found I could not move the other way either.

"Throw up your hands," said the sheriff outside. "I'm coming in, and if you move I'll shoot."

How the deuce could I throw up my hands? I might have thrown up my feet, but I doubt if I was capable of a motion of any sort.

As the key clicked in the lock I heard a scurrying of bare feet. Maryella was retreating.

The door opened. A hush of surprise followed.

"Come out," ordered the sheriff. "I see you, you durned ostrich."

I renewed my struggles to extricate myself. It was useless. I had used too much zeal in my effort to get under.

"If you don't come out in ten seconds I'll shoot. The sheriff delivered this ultimatum and began counting. "One, two, three—"

The thought of the target that I offered for even a very poor marksman drove me nearly frantic. I made a superhuman effort. The bed rose from the floor and fell apart. I backed away from the debris.

SEED WHEAT

FOR SALE FROM CROP OF TURKEY RED

WHEAT PRODUCING 40 BUSHEL

THIS YEAR.

This wheat was grown from Certified Turkey Red Seed Wheat bought last year by County Agent Upchurch in Kansas. It was planted on summer fallowed ground free from Johnson grass and was cut with new combines, so that there is no other wheat mixed with it.

It is absolutely dry, as a windrowing machine was used to dry it.

The crop produced 40 bushels an acre this year on 200 acres, 8,000 bushels in all for sale.

Price \$1.50 a bushel at Wm. Ash Farm, or \$1.80 a bushel sacked, re-cleaned and treated for smut with copper carbonate.

"I will," I agreed, "if you'll point that shoe horn in some other direction."

She threw aside the weapon. "If you are a gentleman you will leave this room," she said firmly.

"I don't know what you mean by this unwarrantable intrusion."

"A man came in here and I followed him."

"Nonsense! Where is he?" It did sound a trifle fishy, I'll admit. There was no one in sight. I even looked under the bed.

"Now go," she ordered as if she were addressing an infant who had to be dealt with firmly. "I don't know what is the matter with you lately. Tom Blibek. You used to be a fairly sensible, dependable man; but now you act like a lunatic two-thirds of the time."

"I'll go," I said mournfully, "but some day you'll realize how unjustly you have treated me."

I went to the door and turned the knob. It would not open.

"What's the matter?" Maryella asked when I delayed.

"I can't get out. This door is locked on the outside."

"Absurd!" Maryella got out of bed and slipped on her fur coat. "How could it be locked?"

She came over to the door. As she stood beside me I had a poignant spasm of heartache at the dainty desirability of her. It was no time for sentiment in a situation that bade fare to become serious, but I challenge any man to be so near the person of the woman he loves and not be conscious of rippling hair, especially if it flows over her shoulders, and the soft tenderness of the skin flushed with sleep.

She tried the door. "It is locked," she admitted with incredulous eyes that sought mine questioningly. "What does it mean?"

I shook my head. "I don't know." Just to be doing something, I rattled the knob.

"Be quiet in there, consarn you," said a voice outside. "You're arrested in the name of the law, and anything you say will be used agin' you."

It was the sheriff. How had he become involved in the midnight parade? What explanation could there be of an officer of the law being on the scene of a crime? It was contrary to precedent.

I even told him so through the locked door.

"Don't argue with him," pleaded Maryella in a whisper.

A new look of concern had come into her eyes.

"What is it? What are you afraid of?" I asked.

"Think how this is going to look when they find you and me here! Oh, Tom, how could you compromise me so?"

"I didn't intend to. I wasn't even thinking of you."

"Oh," she murmured as if hurt. "Mrs. Hemmingway occupies all your thoughts, I suppose."

My heart leaped joyfully. Even in a moment of stress she had time to be jealous. Maybe it was all for the best.

"I'm sorry," I said penitently. "That won't do any good. We ought to be able to do something definite to make this look all right."

"I'll do anything you say," I offered. "Shall I jump out of the window?"

"You might break your neck."

"It wouldn't matter," I said bitterly.

She disregarded my martyr-like speech. "Suppose you were to hide," she suggested. "I'll say you jumped out of the window and then when they got out after you, you could escape."

"Clever plan," I congratulated admiringly. "Where shall I hide?"

"Under the bed," she suggested practically.

I glanced doubtfully at the white enameled iron bed which was bolted to the floor. It looked to me as if it were underslung.

However, I'm the most obliging man you ever met so I got down on the floor and started to crawl under. Unfortunately I stuck halfway.

I could almost make it, and I struggled hard to condense that refractory half inch of girth that was holding me back. It was no use.

Then I tried to back out. To my dismay I found I could not move the other way either.

"Throw up your hands," said the sheriff outside. "I'm coming in, and if you move I'll shoot."

How the deuce could I throw up my hands? I might have thrown up my feet, but I doubt if I was capable of a motion of any sort.

As the key clicked in the lock I heard a scurrying of bare feet. Maryella was retreating.

The door opened. A hush of surprise followed.

"Come out," ordered the sheriff. "I see you, you durned ostrich."

I renewed my struggles to extricate myself. It was useless. I had used too much zeal in my effort to get under.

"If you don't come out in ten seconds I'll shoot. The sheriff delivered this ultimatum and began counting. "One, two, three—"

The thought of the target that I offered for even a very poor marksman drove me nearly frantic. I made a superhuman effort. The bed rose from the floor and fell apart. I backed away from the debris.

WELL REGULATED

"Where's the president of this railroad?" asked the man who called at the general offices.

"He's down in Washington, attendin' th' session o' some kind o' an investigatin' committee," replied the office boy.

"Where's the general manager?" "He's appearin' before th' Interstate Commerce Commission."

"Well, wheres' the general superintendent?" "Hes' at th' meetin' of th' Legislature, fightin' some bum new law."

"Where's the head of the legal department?" "He's in court tryin' a suit."

"Then where is the passenger agent?" "He's explainin' t' th' commercial travelers why we can't reduce th' fare."

"Where is the general freight agent?" "He's gone out in th' country t' attend a meetin' o' th' grange an' tell th' farmers why we ain't got no freight cars."

"Who's running the blame railroad, anyhow?" "The legislatures and investigators."—Pittsburg Press.

At least there's one thing to be said about the new tabloid paper money. Nobody can claim it is Bigger and Better.—Chicago Evening Post.

Your tongue tells when you need

Coated tongue, dry mouth, bad breath, muddy skin, groggy nerves and sour stomach suggest its use.

SEED WHEAT

FOR SALE FROM CROP OF TURKEY RED
WHEAT PRODUCING 40 BUSHELS
THIS YEAR.

This wheat was grown from Certified Turkey Red Seed Wheat bought last year by County Agent Upchurch in Kansas. It was planted on summer fallowed ground free from Johnson grass and was cut with new combines, so that there is no other wheat mixed with it.

It is absolutely dry, as a windrowing machine was used to dry it.

The crop produced 40 bushels an acre this year on 200 acres, 8,000 bushels in all for sale.

Price \$1.50 a bushel at Wm. Ash Farm, or \$1.80 a bushel sacked, recleaned and treated for smut with copper carbonate.

"My! you look lovely to-night"

SHE knew the compliment to be true—for the last pimple had vanished.

If you are one of the embarrassed—and men are not exceptions—with skin blemishes that linger, and sometimes leave scars, you must realize that the logical cause may come from the blood.

A clear, smooth, velvety skin bespeaks loveliness. Men admire it. Women praise and secretly envy. Hope, joy, happiness, and even love, may depend on the possession of a clear, unblemished skin.

On the other hand—skin eruptions are outward evidences of the condition within. Authorities state it is an indication that the body's power of resistance to disease and infection is low. Meaning, that there is a deficiency of red-blood-cells.

Without plenty of rich, red blood, there could be no strong, sturdy

powerful men, or beautiful, healthy women.

When you get your red-blood-cells back to normal, that sluggish, let-down feeling, loss of appetite, boils, pimples, and skin troubles disappear. You get hungry again and you sleep soundly; firm flesh takes the place of that which was once flabby. You feel strong. Your nerves become steady. You are resistant to diseases.

S.S.S. is Nature's own tonic for improving the appetite, building strength, and clearing the body of so-called skin troubles, by increasing the red-cells of the blood.

S.S.S. is made from fresh vegetable drugs and has stood the test of over 100 years.

All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

S.S.S.

TOURING! Many are its petty annoyances—but many its pleasures! Much depends upon the way your car performs. If your motor hums along softly, smoothly, sweetly—all is well! And that depends mostly on your oil. That's the reason so many motorists greet the Conoco Red Triangle as a real friend.

They know it is a sure guide to oil that they can trust—Conoco Motor Oil! This motor oil has saved motor trouble in so many emergencies where the average oil simply would not stand the gaff. Motorists who know, always feel safer with Conoco Motor Oil. Seek the sign of the Conoco Red Triangle—and be sure.

CONOCO
extra life for your car..

Wayside Items

Estimated to be the largest crowd Friday at the Old Settlers' Reunion of all since the beginning. Various guesses, possibly 1500 or maybe 2000 people attended. Hail and drought cut our Fair exhibits to a small margin, only a few attempted anything. The art exhibit was fair, the number of garments on display was limited, but good work.

Thirty-eight ex-Waysiders registered. We feel sure there was a greater number on the grounds. Colorado, New Mexico, California and Oklahoma were represented by former Waysiders.

T. G. Knox is quite sick since Saturday night. No improvement in his condition.

G. W. Franklin and wife are visiting relatives in Tecumseh, Oklahoma.

J. V. Gillham and sister, Mrs. Belle Klöniger of Hughes Springs, Texas, left Monday to visit relatives in Oklahoma, then on to her home. She has been visiting in the Panhandle for some weeks.

Methodist revival by Rev. J. P. Cole began Sunday night, probably last a week. Let's all lend a helping hand. Bring some one with you.

W. C. Butler and mother, Mrs. Fannie Butler of Tuttle, Okla., his brother, R. H. Butler of Blanchard, Okla., Arthur Buck, wife and son of Tuttle, Okla., Frank Modisette and mother, Mrs. Emma Modisette had three children of Blanca, Ok., visited with relatives at Happy and Wayside the past week. All attended the reunion Friday. All have returned to their homes.

We were highly pleased to have Miss Medora Duncan of Amarillo, nurse and friend of crippled children, with us Friday. Her talk on her work was very interesting. A fair contribution was offered to help her in this great work she is doing for suffering humanity.

Judge Gough of Amarillo gave us a timely lecture Friday. Mrs. Wm. Payne, Doyle and Lynn of Dalhart, accompanied Mr. and Mrs. J. C. Payne and children from a visit to Albuquerque to Wayside to the reunion. Mrs. Wm. Payne and boys accompanied by Mrs. Milton Small and daughter, Mercedes, returned to Dalhart Sunday afternoon.

Among the old timers were Mr. and Mrs. Marion Beasley, now of Two Buttes, Colorado. They returned Monday as far as Dalhart visiting Wm. Payne, then Tuesday, on to Colorado.

Mr. and Mrs. Scott Lacock, "our teachers to be," were dinner guests at the Sluder home Sunday.

J. W. McCrery and family have moved to Canyon. Mrs. Maggie Culwell and children, save Dallas, have gone to Tulsa, both families moving for benefit of schools.

W. R. Franklin and family, Mrs. Emma Payne and boys, M. C. Sluder and family, Mrs. Grace Graham and little ones, and Mrs. Bessie Lane visited with the Sluders Sunday; also W. C. Butler, mother and brother.

Row crops are falling fast from the long dry spell. Prospects for a bumper crop have about passed by.

J. M. McGehee from Nara Visa, N. M., and Arthur Hyatt from Mountain Air, N. M., were among the visitors Friday.

W. J. Sluder and R. E. Carter are on the ailing list.

KNOW TEXAS

Fort Sam Houston, San Antonio, is one of the largest military posts maintained by the United States. It has 12,000 officers and men in its area and at the average cost of \$1,100 for each soldier's upkeep, the total receipts from that source are more than \$13,000,000 a year, exclusive of civilian employees and additional capital investments. The Federal military plant at San Antonio including flying fields and target ranges is of an estimated value of \$26,831,326.

Texas produces 99,162,000 bushels of corn and 35,751,000 bushels of oats in 1928.

The grave of David G. Burnett, first president of the Texas Republic, is in Lakeview Cemetery, Galveston. He was born April 4, 1779, and died December 4, 1870.

Assessed values in Texas for 1929 are \$4,144,446,188 and actual values (estimated) are \$12,500,000.00. Assessed values in 1861 were \$256,784,482.

Fairview Breezes

The dry weather has been bad on the farmers' row crops around Fairview.

The infant son of Mr. and Mrs. Red Wilson has been very ill.

Miss Opal Sutton spent Friday night with Mrs. Albert Legate.

E. P. Wesley and sons, also Alice Rogers, returned home from New Mexico, Thursday.

The pound supper at Earl Wesley's Friday night was greatly enjoyed.

Mrs. Willard Ballard and son, who were visiting Mrs. W. M. Kinsey, left for their home in east Texas Sunday.

Mrs. Albert Legate spent Monday in the Chas. Sutton home.

Mr. and Mrs. H. E. Wesley, J. W. Wesley, Woodrow Wesley and Aunt Annie Wesley returned home Saturday after a visit with friends in south Texas.

Quite a number of this community attended the reunion at Wayside Friday.

J. W. Wesley and family, Mrs. Belle Washburn and family, Fred Hext and family, Mr. and Mrs. Bailey Dunlap, Lessie Dunlap, Argele Brawner, Clifton Wesley, Pete and Jack Sutton, Mrs. Myrtle Washburn, Miss Alice Rogers and H. H. Sutton and family were guests in the H. E. Wesley home Sunday.

Mrs. Kate Folk and baby are doing nicely.

Mr. and Mrs. Albert Legate spent Thursday night with Chas. Sutton and family.

Lessie Dunlap is visiting his cousin, Edgar Washburn for a few days.

Chas. Sutton was a caller in Amarillo, Canyon, and Happy Saturday on business.

Bill James was a caller in Canyon and Happy on business Saturday.

Mr. and Mrs. Albert Legate and Miss Opal Sutton spent Sunday afternoon in the W. M. Kinsey home.

Chester Dunlap has returned to his home in Canyon.

Mrs. J. W. Wesley and daughter.

Othell, C. E. Castleberry, Annie and Opal Washburn were callers in Happy Saturday.

G. E. Davis and family left Thursday for Oklahoma to spend the winter.

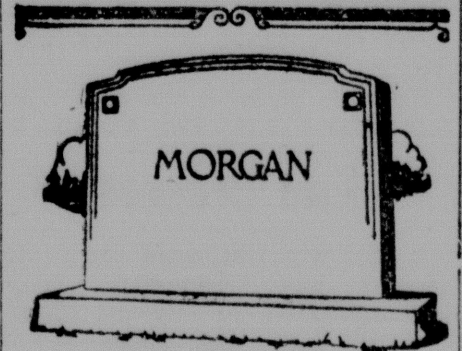

Mr. and Mrs. Bill Wesley and baby spent the week end visiting friends in Memphis.

Mr. and Mrs. Billie Washburn and babies spent Monday with H. H. Sutton.

Mr. and Mrs. Bernard Kinsey spent the week end with W. M. Kinsey and wife.

Oklahoma undertaker, housecleaning, discovers a body embalmed fifteen years ago that has never been buried. That, men, is why friend wife insists on housecleaning twice each year!—Washington Post.

An Economical Transformation

Facts that prove the Value of The New CHEVROLET SIX

1 Chevrolet's remarkable six-cylinder engine impresses you most vividly by its sensationally smooth performance. At every speed you enjoy that silent, velvet-like flow of power which is characteristic of the truly fine automobile.

2 With their low, graceful, sweeping lines and smart silhouette, their ample room for passengers and their sparkling color combinations and rich upholstery—the new Fisher bodies on the Chevrolet Six represent one of Fisher's greatest achievements.

3 The new Chevrolet Six is an unusually economical car to operate. Not only does it deliver better than twenty miles to the gallon of

gasoline, but its oil economy is equal to, if not actually greater than, that of its famous four-cylinder predecessor.

4 An achievement no less remarkable than the fact that it is sold at prices so amazingly low. Furthermore, Chevrolet delivered prices include the lowest financing and handling charges available.

5 In order to appreciate what outstanding value the Chevrolet Six represents, it is necessary to remember that it is built to the world's highest standards. In design, in materials and in workmanship—it is every inch a quality car!

STILL TIME TO CULL
September is not too late to cull non-laying hens from the flock. Body and color changes in hens due to lack of production.

S. L. INGHAM
DENTIST

All Work Warranted
Office closed Wednesday after-
noons.

make it easy to cull in the late summer.

To keep the hen that is not laying now is to feed her without returns until late winter. No farmer would keep a hired hand all fall without some work for his board.

Why keep the non-producing hen and then hire some "professional culler" to sort the chickens during the winter when it is impossible to do as good a job of culling as any farmer can do now for himself?

Transfer of Real Estate in County

The following real estate transfers were made in Randall county, as reported to the News by the Randall County Abstract Company, O. W. Gano, manager:

W. L. Thomas et ux to T. H. Casey, \$1,000, S. E. 1/4 Sec. 200, Blk. M-6.

G. G. Turner et ux to W. A. Juett \$976.00, N. E. 1/4 Sec. 56, Blk. 2.

William Kahnk et ux to C. N. Plaster, \$3,000, N. E. 1/4 Sec. 88, Blk. 6.

Julius Voegel to G. W. Vernon, \$2,400, S. W. 1/4 Sec. 25, Blk. 2-Z.

R. W. Foster et ux to R. B. and R. D. Gist, \$11,200, N & Sec. 1, Blk. M-9.

R. W. Foster et ux to R. B. and R. D. Gist, \$9,840, S. 1/2 Sec. 203, Blk. 6.

Ruth G. Wells et vir. to W. T. Hazlewood, \$12,808, Sec. 39, Blk. 1.

Zita Breezes

A good crowd attended the C. A. Thomas sale Wednesday. They will leave soon for Missouri where they will make their home.

Misses L. E. Stewart and Anna Belle Gowdy spent Friday with Miss Oletha Roddy.

Misses Beatrice and Margaret Fulton spent the week end with Misses Mary and Betty Adkison at Claude.

Boyd Elliott and Mrs. Jim Watson motored to Clarendon and McLean Friday.

Mrs. E. M. Elliott and Mr. and Mrs. Jim Watson spent Sunday in Hale Center.

Mrs. Lola Brown and son, and Ray Gowdy spent the week with Mrs. Bertha Gowdy.

Mrs. Beard and family returned Saturday from a vacation trip to south Texas.

H. B. Hales and F. C. Gruner's new homes are progressing nicely. C. C. Stewart is also adding an addition to his home.

Mrs. L. J. Fulton, daughter and son visited Mrs. C. C. Stewart, Wednesday.

One way to abolish wars for all time would be to agree to postpone the next war until the World War debts are all paid.—Nashville Southern Lumberman.

Another thing about the new currency. It certainly can go fast for its age.—Dallas News.

Palo Duro Items

Mr. and Mrs. Cass Jennings and daughter, Dorothy returned Monday of last week from a tour in Nebraska, Colorado, and New Mexico. Dorothy was quite sick while on the trip, but recovered soon after reaching home.

Mrs. Fred Marshall and children were shopping in Canyon Wednesday of this week.

Quite a number of young people from this community spent several days visiting Carlsbad Caverns and on down to El Paso and Juarez. They report a wonderful trip. Plenty of things to see at all three points.

Mr. and Mrs. Sherman Campbell and children, Mr. and Mrs. R. H. Campbell, Mr. and Mrs. Fred Marshall were shopping in Amarillo Friday of last week.

Mrs. T. C. Jennings, Sr. who has been quite sick for three weeks is reported to be improving.

R. H. Campbell and wife are spending this week-end visiting Mr. Campbell's father and mother at Earth, Texas.

Miss Frances Marshall spent Saturday night with Mr. and Mrs. Tillman Harper.

Mrs. Joe Thurman and daughters, Joe Letta and Ruth, returned to Dallas Friday after a visit with Mrs. Thurman's parents, Mr. and Mrs. John Albers.

Frederick Marshall spent Saturday night with Howard Bragg.

Leonard Boehning spent last week with Erwin Myer.

Mr. and Mrs. Cass Jennings visited Mr. and Mrs. John Albers Saturday evening.

J. T. Marshall, A. E. Wright, Fred Marshall and Sherman Campbell were in New Mexico several days last week prospecting. They report good crops, good grass, and very few cattle in south central part of New Mexico.

Among the Palo Duro shoppers to Canyon Saturday were: Mr. and Mrs. Henry Miller and family, Henry Myer and daughter, Margaret, Mr. and Mrs. A. E. Wright and children, Clifford Hall, Mr. and Mrs. Fred Marshall and children, Mrs. G. A. Reynolds and boys, Mr. and Mrs. Herman Kuhlman and children, Mr. and Mrs. Jim Rose, Mrs. George Nance, Jr., Mr. and Mrs. Sherman Campbell and children, Mr. and Mrs. W. G. Rose and Kelly, O. D. Bragg, and children, Mr. and Mrs. Tillman Harper, and others.

Mr. and Mrs. A. J. Lawler and children from Amarillo were Sunday visitors in the Fred Marshall home.

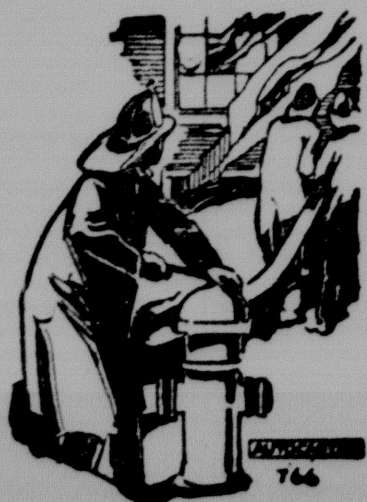

Mr. and Mrs. Jewel Jones and children, Mr. and Mrs. Boss Wright and children took Sunday dinner with Oscar Smith and wife.

A few young people from this community attended a party at Mr. Hastings' Saturday night.

FIRST THERMOMETER CAME INTO USE 300 YEARS AGO

The first thermometers were made 300 years ago and the mercury and spirit-filled thermometers came into use 200 years since. De Reamur chose the freezing point as zero and the boiling point at 80 degrees. The French centigrade thermometers use zero as the freezing point and 100 degrees as the boiling, while Fahrenheit, whose scale is generally in use among English-speaking people, made zero the temperature of snow and salt, the freezing point of water 32 degrees above, and divided his instrument into 180 parts between freezing and boiling, at 212 degrees. Modern thermometers for industrial use register as high as 950 degrees.

The saddest words of all the bunch: "If I'd only bought when I had that hunch!"

They May Call You

When the firemen call, dressed for action, it is too late to think of insurance. The loss may be large—or the loss may be small—but a loss nevertheless unless you have your home and personal property well insured. Winter is the season of the year when fire losses are greatest. Putting off taking out a fire insurance policy is a gamble which no one can afford. Let us explain the economy which may be enjoyed in various kinds of policies.

Amarillo Man Makes Statement

Says He and Wife Will Always Speak a Good Word For Orgatone.

"Anyone who had noticed the dreadful condition, my wife was in can readily see the great change Orgatone has made in her," said J. E. McCollum, living on rural route number 1, Amarillo, Texas. Mr. McCollum is a smelter workman and has been a resident of this city for several years.

"My wife has improved so much that her neighbors often speak of it. Her health has been broken up for over two years and she suffered from stomach disorders. Her appetite left her and what little she did eat would sour on her stomach causing gas and intense pain. She was never able to eat breakfast at all, she was weak and dizzy and had terrible, raging headaches and was losing weight and strength. She had severe cramps in her stomach and sides most of the time and would roll and toss at night and never got much rest. She had a bad case of constipation.

"Since taking Orgatone, my wife is greatly improved and feels like a different person. She isn't bothered with stomach or indigestion troubles and eats anything she wants and now eats a hearty breakfast. Those terrible headaches and dizzy spells have disappeared and she isn't bothered with constipation. Orgatone has certainly helped her and we think it is a wonderful medicine and both will always speak a good word for it."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Canyon by the Jarrett Drug Co.

"How did your boy make out in college? Did he get any high marks?"

"Oh yes, he got a scar on the forehead from a gin bottle."

Wouldn't it be a boon if the fruit co-operative could arrange to take care of the Chicago "pine-apple" crop?—Manchester Union.

NOTICE

POLICY HOLDERS OF CALIFORNIA STATE LIFE INSURANCE COMPANY

All policy holders of this Company are supposed to receive from the Company during this month a questionnaire regarding your life insurance. This service is rendered that your insurance may be more profitable to you, and your loved ones.

If for any reason you fail to receive this report, I shall consider it a great favor to have you communicate with me, and receive your copy. Owing to the fact that I have more than 4,000 policyholders within 200 miles of Amarillo, it will be impossible for me to see each policyholder and to receive first hand the information asked for on these blanks.

This service is rendered that the policyholder may be better served by the California Life Insurance Company, and you are urged to accept it and use it.

A profitable connection is open in Randall county for someone seeking an excellent connection. Please communicate with

STILL TIME TO CULL
September is not too late to cull
non-laying hens from the
flock. Body and color changes in
hens due to lack of production

make it easy to cull in the late
summer.
To keep the hen that is not lay-
ing now is to feed her without re-
turns until late winter. No farmer
would keep a hired hand all fall
without some work for his board.
Why keep the non-producing
hen and then hire some "profes-
sional culler" to sort the chickens
during the winter when it is im-
possible to do as good a job of
culling as any farmer can do now
for himself?

Miller-Lybrand Co., Inc.

Authorized Ford Dealers

Buffaloes

(Continued from first page)
rooms in the various boys' boarding houses of the city. There will be two workouts a day on the new Buffalo football field which has been put in the best possible shape this summer. The regular field which is in front of the massive new steel grandstand, will not be used for the training but will be saved for the games.

Reeds faces the monumental task of building a team from a few letter men and a great many new players, none of whom is familiar with his system. Gaps left by the departure of Golden, Wilson, Huckabee, Keith and Hazlewood will be hard to fill. Then there is a punter to be developed too, since Jim Strain does not intend to be in school this year.

A pair of tackles will have to be uncovered as Logan and Hazlewood, regulars of last year will not be back. This job will be somewhat lightened because of the return of Tige Elkins of Amarillo and Preach Fuller of Spearman who were the regular tackles in 1928. Then Cliff Henry, who was a regular in 1927, will return.

There always have been a great number of jobs on the campus and in town for students. Heretofore these jobs were given to the persons who rustled them, but this year football men will get the preference. This arrangement is expected to encourage men who must have work in order to go to school.

Coach Reeds has started issuing the equipment, which is all new, and will immediately put the men to work in order to get them ready for the first game which will take place on Friday, September 20 with Wayland College at Plainview.

Canyon School

(Continued from first page)
Saturday, ten a. m.—Enroll old pupils in fifth and sixth grades. One p. m.—Enroll 7th grade. Since there has been an addition of an extra teacher to the primary department it will be possible to take care of the children under the minimum age limit. These children will report Monday morning.

The public schools are fortunate in securing the services of Miss Elizabeth Weter of Zenda, Wis., as instructor in speech for the coming year. Miss Weter is a graduate of Beloit College and has been working in the graduate school of speech at Northwestern University. The patrons of the school will find her well qualified

in every respect for her work and the students will doubtless receive much benefit from her services. The speech work is growing in demand from year to year and is a type of training that is almost indispensable in the present age. Students who anticipate taking this work should be ready to sign with Miss Weter on the day of registration. Some very interesting work will be given in private class, debate, play production, platform work, and extemporaneous speaking.

Institute

(Continued from first page)

Austin, Chief of the Interscholastic League Bureau; President J. A. Hill, Canyon; Hon. J. O. Guleke, Amarillo, Member Board of Regents Texas State Teachers College; Hon. C. C. Small, Wellington, State Senator; Hon. Marvin Jones, Amarillo, Member of Congress; Miss Eula P. Hunter, Ft. Worth, President of Classroom Teachers Organization of the National Education Association; and Mrs. J. M. Crane, Claude, President 8th District of Texas Parent-Teachers Association.

In their closing session, the teachers assembled voted unanimously for the following resolutions which they wished made known to the patrons of all schools throughout the territory which they represent:

"The West Texas Teachers Association of the Panhandle-Plains Counties wish to extend to Mr. F. E. Savage our sincere appreciation for the splendid programs given here as a result of his efforts; for the excellent services rendered on the program by Dr. T. D. Brooks, Dr. W. L. Hughes, Supt. S. M. N. Marrs, President Rush Caldwell, of T. S. T. A., Miss Eula Hunter, Mrs. J. M. Crane, Congressman Marvin Jones, President J. A. Hill, Hon. J. O. Guleke, Senator C. C. Small, Mr. Roy Bedichek and all of the instructors of our special sections.

"We further express our thanks for the co-operation given us by the Canyon Chamber of Commerce and the citizens of Canyon. To Miss Laura V. Hamner for her excellent work in planning the entertainment features, to the West Texas State Teachers College Band and the Amarillo College of Music for their programs.

"We feel that our program could not have been quite such a success had it not been for the help of the Girl Scout Organization. We take this method of expressing our appreciation to them.

"Whereas: one of the chief functions of the state in a democracy is to train its children so that they may become worthy citizens, it therefore becomes a major duty of the state to provide institutions for the training of efficient teachers; and

"Whereas: the nature of the teacher's task is such that it becomes necessary for a large percent of them to do college work in the summer, it follows that the summer term is one of the main parts of the work of the teacher training institutions.

"Therefore, be it resolved that this Teachers' Association endorse the summer school for Teachers College, and urge those in authority to provide adequate maintenance for the support of a standard quarter's work during the summer in all teacher training institutions of the state.

"Whereas: during the history of the Texas State Teachers Association the directors have thought it wise to hold the annual November Convention at various cities in the state from year to year so that no one section would be forced to travel long distances each and every year in attending these meetings

"Whereas: because of the rapid movement of the Texas population westward causing many schools to spring up and thereby shifting the teacher population along with it, "Therefore, be it resolved, that this association go on record as favoring Amarillo as the meeting place for the Texas State Teachers Association in November, 1930.

"Finally: since the West Texas State Teachers College is the centrally located state institution of higher learning in this part of the state and since it is well equipped to take care of the need of an organization of this kind, it is the opinion of the resolutions committee that the West Texas Teachers Association meet at the West Texas State Teachers College for its September meeting in 1930.

"Signed: Resolutions Committee."

IN THE BIG BURG

The cows on display in Central Park, New York, get more attention than the lions and tigers. New York always did have a hankering for the unusual.

WANTED: 1 or 2 rooms for light-house keeping near town. Write Box 374. 1p

WANTED TO BUY: A 3-burner gas stove with oven. Must be bargain. Call 154.

HEAL THOSE SORE GUMS
Even after pyorrhea has affected your stomach, kidneys and your general health, **Leto's Pyorrhea Remedy**, used as directed, can save you. Dentists recommend it. Drug-gists return money if it fails. Jarrett Drug Co.

Buffaloes

(Continued from first page)

rooms in the various boys' boarding houses of the city. There will be two workouts a day on the new Buffalo football field which has been put in the best possible shape this summer. The regular field which is in front of the massive new steel grandstand, will not be used for the training but will be saved for the games.

Reeds faces the monumental task of building a team from a few letter men and a great many new players, none of whom is familiar with his system. Gaps left by the departure of Golden, Wilson, Huckabee, Keith and Hazlewood will be hard to fill. Then there is a punter to be developed too, since Jim Strain does not intend to be in school this year.

A pair of tackles will have to be uncovered as Logan and Hazlewood, regulars of last year will not be back. This job will be somewhat lightened because of the return of Tige Elkins of Amarillo and Preach Fuller of Spearman who were the regular tackles in 1928. Then Cliff Henry, who was a regular in 1927, will return.

There always have been a great number of jobs on the campus and in town for students. Heretofore these jobs were given to the persons who rustled them, but this year football men will get the preference. This arrangement is expected to encourage men who must have work in order to go to school.

Coach Reeds has started issuing the equipment, which is all new, and will immediately put the men to work in order to get them ready for the first game which will take place on Friday, September 20 with Wayland College at Plainview.

Canyon School

(Continued from first page)

Saturday, ten a. m.—Enroll old pupils in fifth and sixth grades. One p. m.—Enroll 7th grade.

Since there has been an addition of an extra teacher to the primary department it will be possible to take care of the children under the minimum age limit. These children will report Monday morning.

The public schools are fortunate in securing the services of Miss Elizabeth Weter of Zenda, Wis., as instructor in speech for the coming year. Miss Weter is a graduate of Beloit College and has been working in the graduate school of speech at Northwestern University. The patrons of the school will find her well qualified

in every respect for her work and the students will doubtless receive much benefit from her services. The speech work is growing in demand from year to year and is a type of training that is almost indispensable in the present age. Students who anticipate taking this work should be ready to sign with Miss Weter on the day of registration. Some very interesting work will be given in private class, debate, play production, platform work, and extemporaneous speaking.

Institute

(Continued from first page)

Austin, Chief of the Interscholastic League Bureau; President J. A. Hill, Canyon; Hon. J. O. Guleke, Amarillo, Member Board of Regents Texas State Teachers Colleges; Hon. C. C. Small, Wellington, State Senator; Hon. Marvin Jones, Amarillo, Member of Congress; Miss Eula P. Hunter, Ft. Worth, President of Classroom Teachers Organization of the National Education Association; and Mrs. J. M. Crane, Claude, President 8th District of Texas Parent-Teachers Association.

In their closing session, the teachers assembled voted unanimously for the following resolutions which they wished made known to the patrons of all schools throughout the territory which they represent:

"The West Texas Teachers Association of the Panhandle-Plains Counties wish to extend to Mr. F. E. Savage our sincere appreciation for the splendid programs given here as a result of his efforts; for the excellent services rendered on the program by Dr. T. D. Brooks, Dr. W. L. Hughes, Supt. S. M. N. Marrs, President Rush Caldwell, of T. S. T. A., Miss Eula Hunter, Mrs. J. M. Crane, Congressman Marvin Jones, President J. A. Hill, Hon. J. O. Guleke, Senator C. C. Small, Mr. Roy Bedichek and all of the instructors of our special sessions.

"We further express our thanks for the co-operation given us by the Canyon Chamber of Commerce and the citizens of Canyon, to Miss Laura V. Hamner for her excellent work in planning the entertainment features, to the West Texas State Teachers College Band and the Amarillo College of Music for their programs.

"We feel that our program could not have been quite such a success had it not been for the help of the Girl Scout Organization. We take this method of expressing our appreciation to them.

"Whereas: one of the chief functions of the state in a democracy is to train its children so that they may become worthy citizens, it therefore becomes a major duty of the state to provide institutions for the training of efficient teachers; and

"Whereas: the nature of the teacher's task is such that it becomes necessary for a large percent of them to do college work in the summer, it follows that the summer term is one of the main parts of the work of the teacher training institutions.

"Therefore, be it resolved that this Teachers' Association endorse the summer school for Teachers College, and urge those in authority to provide adequate maintenance for the support of a standard quarter's work during the summer in all teacher training institutions of the state.

"Whereas: during the history of the Texas State Teachers Association the directors have thought it wise to hold the annual November Convention at various cities in the state from year to year so that no one section would be forced to travel long distances each and every year in attending these meetings

"Whereas: because of the rapid movement of the Texas population westward causing many schools to spring up and thereby shifting the teacher population along with it,

"Therefore, be it resolved, that this association go on record as favoring Amarillo as the meeting place for the Texas State Teachers Association in November, 1930.

"Finally: since the West Texas State Teachers College is the centrally located state institution of higher learning in this part of the state and since it is well equipped to take care of the need of an organization of this kind, it is the opinion of the resolutions committee that the West Texas Teachers Association meet at the West Texas State Teachers College for its September meeting in 1930.

"Signed: Resolutions Committee."
